## STALIN'S CHARGE OF SEEKING WAR DENIED BY U. S.

Red Envoy in Washington  
Demands Explanation for  
Increasing Might in Japan

WASHINGTON, Oct. 28 (AP)—Prime Minister Stalin's charge that the United States—along with Britain and France—is trying to start a new war, for an immediate assist today from his ambassador in Washington and an official denial by the U. S. Government.

Hardly had Stalin's interview with a Pravda correspondent come under official study here when Soviet Ambassador Alexander S. Panyushkin made public a demand that the United States explain whether and why it is building up its military strength in Japan.

The State department joined issue with both Stalin and Panyushkin.

In Paris, United States delegates to the United Nations, Dr. Philip C. Jessup, summoned a special news conference to deny Russia's charge that the U. S. is seeking a new war.

Panyushkin, in making his demand, referred to an Associated Press dispatch from Tokyo on Oct. 14, which said U. S. defense commanders visiting Japan expressed pleasure at measures which had been taken "to convert the old Japanese navy yard at Yokosuka into a modern base capable of handling large fleet units."

Panyushkin contended such measures were contrary to international pacts.

The State department said it is "not true" that the navy yard is being converted into a modern naval base.

It explained that while the base is being used by American naval forces it serves only the purpose of carrying out Allied objectives in occupying Japan.

STALIN'S CHARGE came from an interview in the form of a question and answer session.

In six sharp answers to questions by a reporter of Pravda Stalin also charged that the six neutrals on the U. N. Security council were "lending their support to a policy of aggression."

But he declared any instigators of a new war are doomed to "ignominious failure" because "the horrors of the recent war are still too fresh in the memory of peoples, and the public forces favoring peace are too strong."

Stalin said two agreements on Berlin were reached in Moscow on Aug. 30, and in Paris during recent unofficial discussions with Argentine Foreign Minister Juan Bramuglia of the Security council.

BOTH, HE SAID, were disavowed and declared null and void by the governments of Britain and the United States.

## Power Fuse Blows; 30 Homes Darkened

A porcelain "cut-out" or line fuse, blew out at 5:45 o'clock last night, throwing approximately 30 homes into darkness for 45 minutes as housewives were serving the evening meal.

The fuse blew out on the east side of Charlotte street, just north of Oak street, scattering out of porcelain on the street.

Philadelphia Electric company repairmen blamed the trouble on either a short circuit or an overload on the line.

The Philadelphia Steam Fire Engine company was called when the exploding fuse flared up suddenly. But an apparatus driven by George Mauger was not put into service.

Philadelphia Electric company repairmen fixed the fuse temporarily. A new one will be installed today, they said.

Homes affected were mostly on both sides of North Charlotte street, north of Oak street. Some houses east of Charlotte street also were affected.

## Firm Foreign Policy Pledged By Dewey; Truman Confident

By The Associated Press

President Truman got a New York welcome last night. A police - estimated 1,800,000 cheering people heard and saw the President during a day climaxed by a night speech in Madison Square Garden.

In Boston where the Democratic presidential nominee spoke Wednesday, a police-estimated throng of 200,000 shouted a warm welcome to the President. Governor Thomas E. Dewey, the Republican contender, and a cheering crowd packed the 6700-seat Boston arena and overflowed into the street for the governor's night address.

Like the President the day before, both predicted victory for their party.

President Truman pounded his campaign through crowd-lined streets, punctuated at Gov. Dewey by name, and proclaimed in Madison Square garden that "liberal government" will win Nov. 2.

Dewey pledged to deliver "a foreign policy that will strengthen the cause of freedom and bring peace to this world." President Truman lashed out at Dewey, meaning, as a "me, too" candidate with little to offer the voters.

The Republican presidential nominee made the peace pledge in a speech at Boston in which he also (1) blasted at Communism, (2) proposed broader and more liberal

Archbishop Richard J. Cushing of Boston.

The New Yorker's mission for votes moved into Boston after he had campaigned before large Massachusetts crowds in Pittsfield, Springfield, Worcester and Framingham. Dewey follows Truman into New York tomorrow.

AMERICA'S BIGGEST city—and usually a Democratic stronghold—gave President Truman a roaring welcome as he rode along miles of historic streets strewn with scrap paper poured from towering buildings along the way.

The rival candidates, winding up their strenuous drive for votes in next Tuesday's election, both predicted victory for their party.

## Borough Pleads Funds Shortage As 13 Employees Are Dismissed

## Verbal Blows on Election Issues Exchanged on Town Hall Stage

By HARRY TOLAND  
(Mercury Staff Writer)

A Republican and a Democrat last night lambasted the other's party and defended their own before a slim crowd of 200 in the Senior High school auditorium. It was Town Hall's season opener.

A pre-election battle, the session brought surprisingly little reaction from the crowd. There were no rebuttals out each speaker answered questions from the floor.

The speakers were Democratic Rep. Herman P. Eberhart, of Pittsburgh, and Carl

C. Tinsman, deputy secretary of the Pennsylvania Department of Forests and Waters.

Stanley I. Davenport Jr., was mediator. Eberhart spoke first.

A SYNOPSIS of his talk included: Labor is just beginning to learn the ill effects of the Taft-Hartley labor law, passed by the Republican-dominated 80th Congress; rejecting inflation controls, the Republicans are conducting a "boom or bust" economy.

In addition, he said, the Republicans have sold effective housing down the river, have shelved reciprocal trade pledges and, via committee hearings, have perpetrated "character assassinations" during Red hunts, which were none of their business.

GOP candidate Thomas E. Dewey has refused to state his stand, hiding behind bland generalities; has promised "unity," which will be only a conspiracy of special interests; a few months ago had the bitter opposition of liberal Republicans.

A summation of Tinsman's address held these opinions:

A MAJORITY of Democrats in Congress overrode President Truman's veto of both the Taft-Hartley law and tax-reduction bill, making Democrats and Republicans jointly responsible for both, the President, by blundering, has split his party three ways, indicating his inability to gain co-operation.

The Chief Executive, he added, cost U. S. taxpayers millions and brought us "to the verge of war" by his "under-the-table" agreement at Potsdam, allowing Russian entry into Berlin, his proposal to send Chief Justice Vinson to Russia under a confidence both in Secretary of State Marshall and the United Nations.

Dewey's record in New York state, indicates his administrative ability, that "he is one who did it and succeeded rather than one who tried and failed," like the President.

Because there were no rebuttals each speaker did not hit identical subjects. Divergence of opinion on those they did mention, however, ran as follows:

TAFT-HARTLEY LAW

Eberhart: The Democrat declared that a recent interpretation handed down by the National Labor Relations board ruled that a strike-breaker may vote in union balloting but a striker may not. "Is this fair?" he asked.

Further, he said, in the first six months the bill was in effect, management sued labor for \$13,000,000 "in an effort to break their treasuries." The suits were possible under the bill, he inferred.

Tinsman: Labor and management both have benefited from the law. When both factions benefit, the people stand to win. The law has faults, but any law, which Gov.

READING Oct. 28 (AP)—A mother and her 11-month-old daughter were killed in front of their home four miles west of Hamburg this afternoon when they were struck by a truck.

Killed were Mrs. Dorothy M. Lulevich and her daughter, Rose Marie. Dr. George Potteiger, Hamburg physician, reported the child died in his office about a minute after she was brought there by a Lebanon motorist. A spokesman of the Burkey and Spacht funeral home at Hamburg where the bodies were taken, said the mother was holding the child and waving goodbye to her husband when the accident occurred.

Doctor Potteiger said the child apparently died of internal hemorrhages and a fractured skull.

State police said the trucker swerved off the highway to avoid striking an automobile when he hit the mother and child.

(Continued on Page Fourteen)

Dewey has promised to correct, if elected.

In addition to the unfairness of Democratic attack of the law when a Democratic majority helped pass it, he also declared that neither management or labor can issue injunctions against each other, but must come from a Federal court. The President has used injunctions seven times against unions, he added.

INCOME TAX REDUCTION

Eberhart: As the President said, "it was the wrong kind of tax reduction bill." A rich man's law, the speaker labelled it, citing that the 50,000,000 persons who earn \$3,000 or less per year got only a four percent increase in take-home pay.

(Continued on Page Nineteen)

Thirteen borough highway and sewer employees, discharged without notice this week, received their last pay envelopes yesterday afternoon, amid accusations that the borough had sacked them because they had joined a union.

Borough Manager Dow I. Sears, however, declared that the highway department was operating "in the red," forcing a curtailment of work, and that the lay-offs were seasonal.

Sears also declared that the 13 men who were dismissed were the most recently hired. Their records showed that they had worked an average six months to a year, although two had been hired only the past Monday by Highway Superintendent W. Earl Potteiger.

Potteiger declared last night, "The lay-off was a complete surprise to me. We've got a lot of road work to do, more than we've had for a long time and I don't know how we can get it done now."

The dismissals left approximately 24 men working on an hourly basis.

VIRTUALLY ALL the men, those remaining as well as those dismissed, had joined a local of the United Construction workers, an affiliate of the United Mine Workers' District 50 (AFL).

Many of them prominently displayed the blue and white U.C.W. buttons in their caps or on their lapels yesterday afternoon as they lined up to receive their pay from the borough treasurer.

The 13 jobless men noted that two of the more active workers in the move toward unionization were among those dismissed. They were Darby Cawler, 141 High street, and Howard O'Brien, of the Merchants hotel.

Not all of those discharged ascribed to the borough an anti-union bias. They agreed that lay-offs in the mid-autumn were customary.

Those willing to discuss the situation declared that security had been their goal in joining a union.

They said they sought security from being fired at a politician's whim, as well as Social Security benefits, which they declared they now lacked.

PAY OF THE workers varies from 90 cents to \$1.10 an hour, with a few skilled men making up to \$1.25 an hour.

Laborers received 90 cents, truck drivers, operators and carpenters \$1 and sewer workers \$1 to \$1.10 an hour.

The average work-week is 45 hours, with some men, especially the drivers and operators, working up to 55 hours a week.

Since they are not engaged in inter-State commerce, they do not come under the provisions of the Federal Fair Labor Standards act, and are not paid overtime rates at time and one-half.

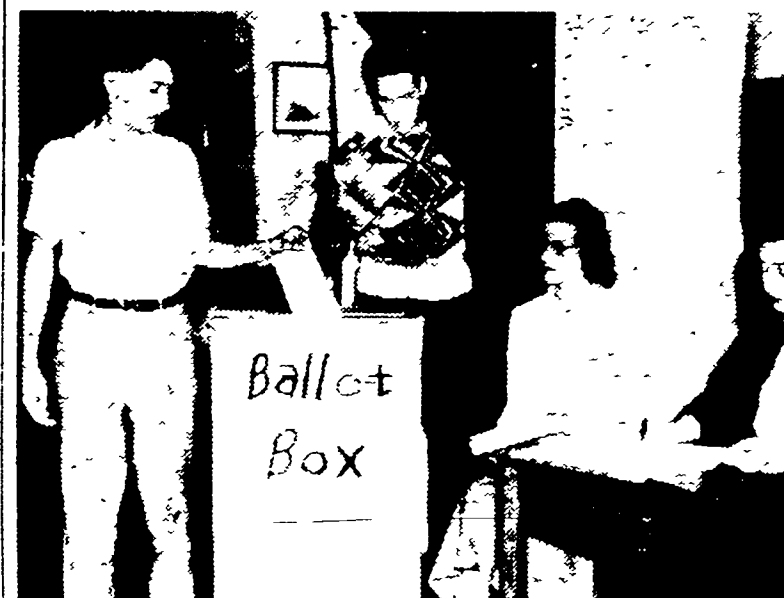

So far, borough officials have met once with union representatives.

THE ENTIRE matter is expected to come to a head tonight when the highway and water committees hold a joint meeting in borough hall at 7:30 o'clock with union representatives.

Sears, explaining the lay-offs, pointed out that highway work has cost the borough \$93,437.50 this year, although the budget, exclusive of grants from the State liquid fuel account, called for an expenditure of only \$90,518.

In addition, \$3600 worth of new street lights must be paid for, plus (Continued on Page Nineteen)

## Students Set Aside Books For Lesson in Real Election

By FRANK DOSTAL  
(Mercury Staff Writer)

In an exciting experiment, in which textbooks are left to gather dust in their desks, North Coventry High school students are learning about American democracy by actually conducting a presidential election of their own.

When their parents file to the polls Tuesday morning, Norco students will be casting their votes at the same time—in school ballot boxes. But, in many cases, the students will be more familiar with the issues at stake.

For several days, students in the civics, Problems of Democracy, world history, and United States history classes have been reliving the national conventions of the Democratic and Republican parties.

Putting aside their textbooks, they have listened to magnetic tape recordings made while the conventions were in session. Their teachers are participating in the experiment by explaining points over which questions arise.

Today, the presidential candidates will speak to the student body at an assembly to be held at 12:30 o'clock. Oscar Darlington, a Tenth grade student, will play the part of President Truman, while Robert Freese, a Twelfth grade student, will portray Gov. Thomas E. Dewey. One student will be selected to represent Henry A. Wallace and the Progressive party.

Registrations also will take place today, with students registering by party so they may obtain a ballot in Tuesday's voting.

SHOP STUDENTS have constructed four voting booths in which the voters may mark their ballots (Continued on Page Fourteen)

## MOTORIST HURT; HITS OIL TRUCK

Car Wrecked As Driver  
Rams Gasoline Trailer  
Near New Berlinville

Harvey Spohn 55, of New Berlinville, received cuts and abrasions of the face last night at 7 o'clock when his 1940 sedan rammed the rear of a gasoline trailer truck on Route 100 in New Berlinville. The front of his car was demolished.

The accident happened just outside the service station of David Ebbach, New Berlinville. The driver of the trailer truck, Chester C. Cliney, 32, of West Chester RD 2, was backing his trailer into the road to get it in position for a pumping into a gasoline inlet.

Spohn failed to see the truck on his left as he was driving north on Route 100, and the left front of his car hit the rear of the trailer. Damage to the trailer was not extensive.

An attendant at the station, Paul Herbst, telephoned the Boyertown Community ambulance, which drove Spohn to Pottstown hospital.

After receiving dispensary treatment for lacerations of the chin and a bloody nose, he was admitted for observation.

West Reading State troopers investigated.

A YOUNG PRANKSTER, who pretended he was about to step out in front of on-coming traffic, caused two cars and a bus to collide at High and Franklin streets yesterday afternoon.

The youngster made his false step in front of a westbound car turning right onto Franklin street from High street, causing the driver to apply his brakes.

Immediately behind him, George Stonaker, 331 Jefferson avenue, also stepped on his brakes. As he did so, a third car, driven by George R. Wood, (Continued on Page Fourteen)

## Steel Union Joins in Tenants' Protest

Bethlehem Steel Local 2177, United Steel Workers of America (CIO), last night voted to join other Pottstown unions in support of the Penn Village Tenants' association.

The decision was made unanimously after written reports from association officers were presented to the union members at their meeting in CIO hall, King street.

J. Alfred Marquet, president of Local 2177, commented "We approved a motion to give them financial and physical aid whenever they needed it. The local is backing the tenants' association 100 percent."

The association was formed several weeks ago after between 85 and 75 families, whose incomes exceeded the permissible limits in the government low-rental housing project, were notified that they must vacate. Borough council recently formed a new committee to try to help the tenants threatened with eviction.

This committee now is seeking information relative to the possible purchase of the project by its tenants.

The union members last night also approved a contribution of \$50 to The Mercury Airport Fund.

They endorsed a slate of incumbent international officers, in anticipation of February's elections.

The officers are Philip Murray, president; James Thines and Van Bittner, vice presidents; David J. MacDonald, secretary-treasurer, and Charles H. Ford, now acting director.

Each local may endorse the incumbents of may place in nomination the names of other candidates, Marquet explained.

Joseph Picard, International Steel Workers' representative, spoke briefly to the men.

He asked them and their families to vote Tuesday, and outlined tentative plans for the future of the Pottstown Independent club, an organization of CIO locals.

Two prize-winners in a recent contest conducted in the Bethlehem Steel company plant by Local 2177 were George Keen and James Quinn. They were victorious in a Political Action Committee membership contest.

Vote "Yes" for New Schools

LIMERICK township voters Tuesday will be  
asked to register their approval of a  
\$210,000 bond issue for the erection of a new  
elementary school building.  
Limerick township voters should respond  
with a resounding "Yes" that will be heard  
as far as that Concord spot that was heard  
around the world.  
Else Limerick township must live in shame  
as one of the most backward districts in  
Pennsylvania.

Today Limerick's grade schools are a dis-  
grace to the community.  
Limerick is one of the few districts in  
Pennsylvania that still has one-room schools.  
Limerick's schools are unhealthy. They  
should be condemned by the State Board of  
Health.

Limerick's schools are poorly ventilated,  
have poor toilet facilities. They are prone  
to be breeders of disease, certainly under-  
mine the eyesight and health of the pupils.

Citizens would not tolerate those con-  
ditions in their places of employment, in  
their homes. Why should they force their  
children to live under conditions of the dark  
ages?

The Rev. Alton P. Albright, pastor of the  
Limerick Evangelical and Reformed church,  
spoke of "The Church and Education" the  
past Sunday. He said:

"One of the most telling incidents in all  
of our Lord's ministry was when he took a  
young child and set him in the circle of his  
disciples. They had been arguing among  
themselves as to who was the most important  
person in the group. The Master took a  
child and set him in the midst of them."  
Under the inspiration of this, the greatest  
Teacher of all time, the Christian church  
has been deeply concerned with education, in  
seeking to give the very best for what he  
considered of primary importance, the per-  
sonality of every child.

Then the pastor went on to show how  
Christianity and education have been hand-  
maidens through the centuries.

"The first elementary schools in America,"  
he said, "and the first schools of higher learn-  
ing, Harvard, Yale, Princeton, Columbia and  
many others were organized and sponsored  
by the Christian Church for many years."

"I give thanks to God every time I think  
of the advances which have been made in so many  
fields of technical education. When my neigh-  
bor's child or my own child becomes seriously  
ill I thank God that he will be placed in  
the hands of physicians and others who have  
been trained in modern medicine and know  
how and when to administer modern miracle  
drugs which already have saved the lives of  
countless thousands in our generation."

Limerick township school board has  
estimated that it can build the new school  
for a tax rate of approximately 16 mills on  
real estate, or an increase of 2 mills and a  
per capita tax of \$5.

The increase on real estate will mean \$2  
a thousand to the taxpayer.

Certainly that should be no deterrent.  
The plans for the school were not made for  
the sake of keeping in style, nor in rivalry  
with other communities and districts. The  
crowded and unsanitary and unhealthy con-  
ditions were the moving causes. In addi-  
tion, the township is growing and the school  
facilities rapidly are becoming inadequate.

Limerick township's children deserve bet-  
ter treatment. They are the hope of the  
future.

Limerick township should vote over-  
whelmingly "YES" for the school bond issue.

Out to Pasture

IT'S a little difficult to know whether to take  
Dr. C. F. Schnabel seriously or not. For  
the Kansas City nutrition chemist asserts "It  
is possible to give three billion people an  
excellent diet at a cost that all can afford."  
Which sounds fine except the diet would be  
made up of—shade of Nebuchadnezzar!—  
grass.

True, he would use grasses of the highest  
protein content, and his four-way extraction  
process would even leave something over to  
be used as cattle feed.

But killing a man with meat on the mind  
to "go to grass" might be a little risky. Nor  
can one calmly contemplate the prospect of  
three-billion consumers adopting the Marie  
Antoinette approach—"Let 'em eat grass."

Safe Motorist Doesn't Have a Chance, He Says

Speeding Is Common Practice

To the Editor: Yesterday I witnessed  
an accident on High street that seems to  
have become a common occurrence in  
Pottstown. Am I wrong about a speed  
limit in Pottstown, or are we just ignor-  
ing it these days?

Everyone was there two seconds after  
the crash except the cops!  
One car was backing out of a parking  
pace (which, by the way, I understand  
is against the State laws), and another  
car driven by a woman was traveling at  
least 50 miles an hour and just as close  
to parked cars as she could get, hit the  
other car backing out and came to a re-  
sounding halt, as fast as she could stop  
the speeding car, about half a block from  
the collision.

Now I wonder who will pay! From  
the conversation overheard between the  
two drivers all the blame was being tossed  
in the direction of the driver backing  
out.

When are we going to start enforcing  
the laws in this town and give a sane  
motorist a fair break?

Borough Merits Thanks, Too

To the Editor: It is so easy to com-  
plain about things the borough doesn't  
do, but I think too little is said in praise  
of the things that are accomplished.  
There is the borough water. I noticed  
especially during the Summer, it didn't  
have that sickening taste that it had in  
previous years. Maybe the water isn't  
as clear, but it tastes better.  
Residents of Washington Hill have

water now, too. They didn't have it in  
any amount for a long time before the  
borough took over the water works.

We have a garbage collection system  
that seems to be working without a flaw  
—except for the little fuss that was made  
about the smoke from the dump. And  
to think that all these years we were  
paying for a haphazard system of collec-  
tion and now we have something better—  
at no cost!

I wonder how many of our town's  
chronic complainers have bothered to call  
or write our borough officials to thank  
them for these improvements. You say  
that we pay taxes for this and it is com-  
ing to us. I say that our borough offi-  
cials are like anyone else—they like a pat  
on the back every once in a while, too.  
Pottstown J. R. C.

Shut Out by Poor Sportsmen

To the Editor: I appreciated your  
"Set for the Season" in Tuesday's Mer-  
cury because I have been having difficulty  
in the last few years in finding land  
where I can hunt. More of the farm  
property around here is posted every  
year.

While hunting in the Cedarville sec-  
tion last year, I saw one hunter empty  
his gun at a bird, firing directly toward  
a farm house only about 25 yards away.  
That is poor sportsmanship, as well as  
being very dangerous, when a farmer  
permits you to hunt on his land.

I have found, though, that it isn't the  
real dyed-in-the wool hunter who shoots  
recklessly this way. It is the one-day-a-  
week sportsman who says he can't find  
any more land to hunt on, and then he  
blows away a box or shells at anything

and everything that flies in the air or  
runs on the ground.

The only reason I don't bawl out these  
hunters is that I am afraid they'll let go  
with a blast at me.

Don't Kill Entire Ordinance

To the Editor: I was disappointed to  
read that the borough council police  
committee decided to withdraw the or-  
dinance setting up one-way traffic on  
Evans street.

I can sympathize with the problem of  
congestion that would arise as a result of  
the closing of the Washington street  
bridge. Then why not make traffic one  
way on Evans street north from High  
street only.

Two-way traffic is definitely a danger  
on this street, particularly between High  
and Beech streets. Just because of a  
"mish" in passing the entire ordinance,  
I don't think this important part of it  
should be completely abandoned.  
Pottstown D. N. E.

Likes Mercury's Vigilance

To the Editor: Things would be in a  
fine mess here if we didn't have a vigilant  
newspaper like The Mercury.

Politics would wreck our school sys-  
tem, illegal appointments would be made  
by borough council and traffic would be  
shared up like string in a cat's nest.

It's your continued watchfulness over  
public affairs that makes our democracy  
so vital a force in this world growing  
dark under a shadow of Russian dictator-  
ship.

WASHINGTON

New Approach Looms

To Resources Problem

By RAY TUCKER

WASHINGTON, 28-A Dewey-Warren  
Administration will make an entirely new  
approach to the grave problem of conser-  
vation of American natural resources,  
which embraces the burning, everyday  
question of insuring a plentiful supply of  
food at comparatively low prices for a  
growing population. The project may  
embroider the Administration in savage  
struggles with Western and Eastern in-  
terests normally loyal to the Republican  
party.

Despite the Roosevelt-Ickes program  
that built TVA, Grand Coulee, Bonne-  
ville and other dams and storage reser-  
voirs, the United States faces a more se-  
vere shortage of productive land, water  
and other food-producing resources than  
it did before the advent of the New Deal.

The scarcities derive partially from the  
war and the increasing population here  
and abroad, but they are also attributed  
to a failure to attack the basic problems.

DANGER: Meat animals and feed,  
fish, wildlife and all other forms of food  
are dropping to the danger point because  
the root causes of their disappearance  
have not been attacked. For the same  
reason, many sections suffer from the al-  
ternate and periodical visitation of  
droughts and floods.

Not even a score of TVA's and  
MVA's could correct these evils, ac-  
cording to experts in the Dewey  
camp. The great need is to start a  
program of conservation which will  
keep the life-giving water on the hills  
and the land.

Establishment of such safeguards  
will require legislation against cattlemen's  
and sheepmen's overgrazing, lumber in-  
terests' overcutting of forests, industry's  
pollution of rivers and harbors, excessive  
destruction of game animals and agricul-  
ture's misuse of the land.

KEY: The issue is no longer merely  
an academic or scientific one.

With a constantly increasing number  
of mouths to feed, the U. S. cannot sup-  
ply itself; not to mention exporting food-  
stuffs abroad.

And all the price controls in the  
world will not bring a permanent re-  
duction in the cost of living unless  
the lavish and historic neglect of our  
basic resources is stopped by an en-  
forced or voluntary program on the  
part of the Federal government and  
the states.

Governor Warren of California,  
where water is sold, has long advocated  
"a more fundamental approach. He is  
expected to have a key role in the new  
solution."

CONSCIOUS: The project is expected  
to take definite shape with the sub-  
mission of the Hoover committee's report  
on reorganization of the government to  
Congress. The former President is known  
to have consulted experts who look upon  
the problem of conservation from a  
broader viewpoint even than F. D. R.

Harold I. Ickes and Henry A. Wallace.

It is admitted that they made a good  
start toward preservation of natural re-  
sources, although their principal contri-  
bution was to make a hitherto neglected  
people conscious of the existence of the  
question. But it is also argued by pres-  
ent-day students that their efforts were  
largely patch-work. World War II cur-  
tailed their more far-reaching program.

PURPOSE: Enemies will undoubtedly  
charge that the Dewey-Hoover plan is  
designed to feather the nests of the  
"power interests."

But their answer is that the benefits  
of public power cannot be discounted,  
and that there will be plenty of room and  
opportunity for every kind of develop-  
ment required to keep the U. S. self-sus-  
taining.

The Voice of Broadway

By DOROTHY KILGALLEN

Broadway Grapevine

MARION BELL, recent heroine of  
"Brigadoon," is flying to Hollywood for  
motion picture tests. . . The fuel short-  
age in France has curtailed action on  
"The Man On The Eiffel Tower," which  
Charles Laughton, Franchot Tone and  
Burgess Meredith are filming in Paris. They're  
using special generators on their own truck for  
electricity. . . Lila Leeds, the young actress  
who was involved in the Robert Mitchum  
marijuana episode, has an offer for a solid year  
of burlesque dates, if she cares to accept it.  
One of the play-  
boys at Mickey Jek's  
homecoming party had  
a lot of explaining to  
do about his black eye.

The real story is that he was doing a  
little friendly sparring with 73-year-old  
Mrs. Betty "Leks" Henderson (who likes  
to box) when she suddenly lashed out with  
a left hook.

DIZZY GILLESPIE's newest be-  
bop offering at the Royal Roost is  
just about the weirdest number ever  
seen on Broadway. The title is  
"Witch Doctor Blues." Gillespie comes  
out attired as a leopard, all the lights  
go out, and the band swings into the  
most frightening mumbo jumbo of  
jungle sound effects ever heard in  
Manhattan. As an encore, the leopard

goes from table to table snarling at  
the customers! . . . Newest pastime  
of the Broadway gambling gentry is  
silly as can be. They blindfold one  
of their members, show a hotel  
directory in front of him, and have  
him select a hotel with a pin—where-  
upon the party of gamblers (usually  
seven to twelve of them) pile into a  
couple of cabs, ride to the hotel and  
crash themselves into the nearest  
elevator. They make big money bets  
on how close the operator brings  
the car to the level of the floor they  
they call out!

GLAMOR—photographer Bruno of  
Hollywood has been queried by Wash-  
ington authorities about taking on a large  
"war-time" contract for special camera  
assignments. . . When he completes his  
current New York booking, bandleader  
Blue Baron will trek to Cleveland to  
confer with a syndicate that wants to  
back him in a huge new dance palace  
just outside that city of World Series  
champs. . . A couple of producers are  
eyeing Tennessee Williams' play, "Battle  
of the Angels," which the Theatre Guild  
jeopardized in Boston a decade ago. . .  
Promoters have been looking over a  
Tenth Avenue garage which they'd like  
to convert into a new boxing arena  
bearing Jack Dempsey's name. . . If you  
wonder what's become of Danielle Dar-  
rieux (remember "Mayerling") she's in  
Vienna making a new movie. . . Most  
of our huge armament plants have al-  
ready completed plans to go underground  
in case of a war. Tunnels and under-  
ground living quarters are almost in the  
completed blueprint stage.

The Worry Clinic

By DR. GEORGE W. CRANE

BOB W., 34, is a public accountant.  
"Dr. Crane, I took a job with a large  
firm about a year ago," he began.

"I got along famously. In fact, my  
boss was so impressed with the ease with  
which I won the good will of our clients,  
that he gave me a salary boost of \$50  
per month after I had been there only  
six months."

"Several of the clients for whom I  
worked, wrote very strong letters of  
commendation regarding my ability to them.  
But these very letters of praise and my  
salary increase, actually worked against me."

"In the first place, the older account-  
ants who had been with this firm before  
I joined it, grew very resentful at my  
promotion."

"Finally my boss even began to worry  
less I might leave him and take some of  
his clients with me."

"So he called me into his office one  
day and made me sign a statement that  
I would never solicit any accounting busi-  
ness from his clients for a period of three  
years, if I should leave him."

"I have finally quit his organization  
because conditions are becoming intoler-  
able. Now I have two new jobs offered  
me. I can become a traveling accountant  
at \$325 per month and expenses, or I can  
take a sales job with a starting salary  
of \$260 per month and expenses. Which  
would you recommend?"

Bob has consciously changed his per-  
sonality from a shy, introverted account-  
ant into a sociable extrovert.

And that is one reason why he doesn't  
get along very well with the typical intro-  
verts in an accounting office.

For he runs circles around them, be-  
cause he knows the art of making friends  
and winning the confidence of his clients.  
They know only how to audit the books.

Bob is thus a superior man who is  
thereby a must as an employee in an or-  
ganization where the old civil service,  
orderly advancement is in vogue.

For Bob is aggressive and a go-getter.  
His accountant colleagues placidly go  
along waiting for a small annual salary  
increase. They don't expect to get any-  
where until the men ahead are either  
promoted or else die.

But Bob has boundless energy and  
drive. He thinks in big terms. He re-  
fuses to fritter away his life waiting for  
less competent but older men to die and  
thus leave their positions open for him.

I urged Bob to take the sales job, for  
there he can drive ahead on merit with-  
out having to be hamstrung by civil ser-  
vice inertia.

Thus, if he sells the most merchandise,  
he'll be paid the largest salary or com-  
mission, despite older salesmen with  
longer experience.

Moreover, a salesman also has a per-  
sonal clientele which he can use as lever-  
age for prying loose bigger salary or bet-  
ter jobs.

(Always write to Dr. Crane in care  
of The Mercury, enclosing a long 3c  
stamp, addressed envelope and a  
dime to cover typing or printing costs  
when you send for one of his psycho-  
logical charts.)

and Dr. John Allen, Philadelphia. John  
Ecker's Unique band furnished music.

FLAG RAISING—A flag was raised at  
Pottstown hospital under sponsorship of  
Richards Post Guard, The Rev. L. K.  
Evans made the presentation address and  
William H. Maxwell responded. The vet-  
erans committee consisted of William P.  
Bach, the Rev. James L. Davis and Wil-  
liam H. Jones.

FOX INVADERS HOME—A large gray  
fox entered the kitchen of the farm-  
house of Samuel Krupp, near Schwenn-  
ville, and was attacked by Krupp's two  
wire-haired terriers. The fox put up a  
vigorous fight, but was captured by  
Krupp. The animal now is a prisoner  
in a granary.

35,000 RABBITS—The State Game  
commission is releasing 35,000 rabbits in  
the state, some of them in this section.  
Fifty pairs of ring-necked Pheasants  
also are being released for  
stocking purposes.

LEAGUE CHAMPIONS—The Grace  
Lutheran baseball team, winners in the  
local Sunday school league, was ter-  
cered a banquet in Foresters Hall. Ed-  
gar S. Maurer, president of the league,  
presented silver cups offered by business-  
men. They were accepted by Manager  
and Captain Paul Rudy. An address was  
made by Carroll D. Bechtel, vice pres-  
ident of the league. Roy Bender led the  
singing. Dr. J. J. Kline, was heard in  
an address. Charles M. Shaner was gen-  
eral chairman of the program.

HITS POLE—Steve Hudick, 22, of  
near Shenkel, was injured when his car  
struck a pole near Little Oley. He was  
taken to a hospital by Russell Stevens  
and Charles Neiman.

CADDIES' BANQUET—The annual  
caddies' banquet was held at the Brook-  
side Country club. Nick Camanski, the  
caddie master, presented awards to Paul  
Yednock, winner of Class A caddies  
tournament, and to Michael Kinacy, win-  
ner in Class B.

Hollywood

By EDITH GWYNN

HOLLYWOOD, Oct. 28 — Those  
items printed and aired over the  
weekend to the effect that Robert  
Walker would be "punished" by  
being taken out of his role in "The  
Good Old Sum-  
mer-time" (new  
title for "Shop  
Around the Cor-  
ner") are just so  
much hogwash! He  
had never been  
cast in the film  
in the first place!  
Producer Joe Pas-  
ternak tells us we  
had the whole  
story straight  
when we told you  
last week. Van  
Johnson would be  
Judy Garland's  
co-star in it — and also the news  
that Buster Keaton would make  
his comeback in same. "Flamingo  
Road" is more than a week ahead  
of schedule and may wind up in a  
few days with a new shooting re-  
cord for such an important picture.

JOAN CRAWFORD says she's  
leaving pronto for three weeks  
whoopie in New York and lots  
of dancing. Also adds that she  
went to the Mervyn Le Roy  
party with Greg Bantzner  
a couple of weeks ago and hasn't  
seen him since. . . Jimmy Glas-  
son, bedded with a back injury  
after an automobile in Holly-  
wood. . . Laila Willinger, well  
known photo, is driving east  
to meet Marilyn Buford ("Miss  
America") when she gets off the  
boat from Europe in a few days.  
He plans to marry the gal in  
Gotham.

AT 20TH-FOX, they're getting  
frantic in that search for a ten-  
year-old girl who can dance, to  
play the daughter of Dan Dailey  
and Anne-Baxter in "You're My  
Everything" . . . This story has a  
Hollywood background covering  
the moves from 1925 to 1938 — and  
all the leading characters in the  
picture are movie stars! (Hey  
ladies! Send your pictures to the  
studio — DON'T send 'em to us!)  
. . . Rette de Marco, now the Momma  
of two children, is rehearsing a new  
night-club act which she'll do with  
three men — just as she did four  
years ago when she last appeared  
here. They'll sing and dance. There  
is no one more graceful than Rene  
Ray Gilbert, the songsmith,  
and Judy Clark are hand-holders.  
. . . Andy Russell and Eddie Bracken  
stage a baseball game in Oakland  
next month for the Santa Claus  
Foundation. Andy will captain one  
team; Eddie the other. . . No one  
noted that the "Mr. Jones" who  
checked in at the Mark Hopkins  
Hotel in San Francisco and did a  
lot of dancing at that spot four  
nights last week, was Howard  
Hughes.

AVA GARDNER became a typo-  
graphical error bride the other day  
when a big daily printed she had  
married Edmond O'Brien, whose  
bride of course, was Olga San Juan.  
. . . A nice chunk of the tremendous  
amount of money raised by the  
Fried's Frolics for the other night, will  
go to the "Rumors Cancer Fund  
here. There's been talk that the  
great show they put on might tour  
— but you can mark it down, it  
WON'T. However, it will be an  
annual fund-raising event in these  
parts. . . Make a bet that Jayne  
Meadows, who recently clicked in  
"Enchanted," gets the only femi-  
nine role in "Unseen Harbor" at  
Fox. Her bridegroom, Milton Krims,  
is writing it and will direct too.

MODERN MANNERS  
It is very bad manners to pry  
people with personal questions out  
of idle curiosity.

IT HAPPENED TODAY  
On Oct. 29, 1618, Sir Walter  
Raleigh, English courtier, writer, ex-  
plorer and colonizer, was executed  
for treason. Edmund Halley, British  
astronomer, was born on Oct.  
29, 1686. John Keats, English poet,  
was born on the same date in 1795.

HAPPY BIRTHDAY  
Fanny Brice, stage, screen and  
radio entertainer, Gene Autry, mo-

They're on Same Road...  
Rooting for Irish...

INSEPARABLE — Those Hartenstine  
twins, who've been inseparable these  
18 years, still plan the same paths for  
their adult journey through life. The  
twins, Raymond C. Jr. and Robert K.,  
sons of Mr. and Mrs. Raymond C. Harten-  
stine, Sunnybrook, have matriculated at  
Muhlenberg college, Allentown, where  
they'll take pre-medical courses. Now at  
Mercersburg Academy, the twins will be  
graduated in the Spring. They were  
elected members of the Cadecade club  
there yesterday, which is limited to seniors  
who plan to enter medical schools. Both  
were members of the varsity swimming  
team at Mercersburg, both play tennis.  
They were graduated from Pottstown  
High school with the Class of 1947. They'll  
enter Muhlenberg in the Fall of 1949.

ROOTER — Notre Dame has many  
a Pottstown rooter as it piles up that  
impressive win streak of 22 straight  
games. But chiefest is a Pottsonian  
who's right on the scene, young Tim-  
othy P. Cain, who's a Freshman at the  
Indiana school. Cain, a graduate of  
Reading Catholic high school in 1947,  
is one of the 1200 Freshmen enrolled  
at Notre Dame. He's a son of Mr. and  
Mrs. James S. Wilke, 384 North Char-  
lotte street. His parents plan to visit  
Notre Dame in two weeks, at which  
time they'll watch the Notre Dame-  
Northwestern football game—which  
probably will be one of the days most  
brilliant, as Northwestern is touted as  
a sure Rose Bowl team this year!

WORKER — Johnny Waycock, former  
Pottstown bartender, who is mixing  
'em at Nick's Chat-a-White on Butter  
Lane in Mt. Penn. . . Charles L. Michener,  
a seaman recruit, is taking his basic  
training at Great Lakes, Ill. He's a son  
of Mr. and Mrs. Robert Michener, 559  
Lincoln avenue. . . Presione rubber  
workers are taking an enforced vacation.  
They've been "off" since Tuesday while  
the plant is making an inventory. Plastic  
workers continued to be employed until  
today, but they'll be off until Monday,  
when all plans will resume operations.

### West Virginia Miners Told to Support Dewey But to Vote Against GOP Senator

CHARLESTON, W. Va., Oct. 8 (AP)—West Virginia's 120,000 coal miners, who will take the day off to vote next Tuesday, were asked by their leaders today to support Gov. Thomas E. Dewey as "the lesser of two evils."

William Blizard, veteran president of United Mine Workers District 17, issued a press conference statement when he said could be considered a flat endorsement of the Republican presidential nominee.

At the same time, the UMW leadership urged the miners to vote for Democrats for the U. S. Senate, governor and other state offices.

This means the men are being asked to split their votes between Dewey and the Democrats.

Blizard said:

"The United Mine Workers feel more kindly toward Dewey because he hasn't come into West Virginia to support Revercomb."

Blizard told the press conference:

He referred to Sen. Chapman Revercomb, Republican incumbent who is locked in a bitter race with Democrat Matthew M. Neely, a former senator. The West Virginia seat is one of those involved in the Republican drive to retain Senate control.

Blizard was joined in his statement by the presidents of two other UMW districts. The three jurisdictions cover all but a few of the state's coal diggers.

The union has been working on a get-out-the-vote drive for weeks. Miners will not work next Tuesday, but will attend union local meetings called for early that morning. The leaders have acknowledged this is designed to insure a heavy miner vote.

At the UMW's recent national convention in Cincinnati, President John L. Lewis criticized President Truman but did not endorse Dewey.

REPORTERS ASKED Blizard if Lewis knew in advance of today's action.

"We don't usually do anything without the boss knowing about it," he replied.

Twice before in the past decade, the miners of the Mountain state have been asked to support Republican presidential candidates.

Lewis urged them to vote for the late Wendell Willkie in 1940 and Dewey in 1944. The state went Democratic in both elections. The

### Club Plans Program For Optimist Week

The Pottstown Optimist club began last night preparing for the 12th annual celebration of Optimist Week, scheduled for Nov. 7 to 13.

At their meeting on Nov. 9, club members will be addressed by Al Murray, Upper Darby attorney, on "Optimism and Leadership."

That will be the slogan for the entire week, Harry H. Hunsberger, local club president pointed out.

He declared, "We of the Optimist club are even more concerned with the leadership of the country in 20 or 30 years, than we are with the elections now. Boys must be guided into the path of good citizenship and leadership."

"This is the guiding ideal of our program," he continued.

In addition to Murray's talk, the local club will plan other special events to celebrate their week.

### Separate Trial Granted O'Malley on Bribe Count

PHILADELPHIA, Oct. 8 (AP)—Former Chief Magistrate John J. O'Malley today won a fight for separate trials on charges of bribery and malfeasance.

Judge W. Russell Cow of Eastern county, especially assigned for the O'Malley trials, granted the magistrate's petition and rejected argument that he remove himself from the case.

He also refused another petition that the bribery charges be brought to trial immediately and let up to the attorney general which indictments will be called first.

All-Time Record Earnings Reported By Bethlehem Steel

NEW YORK, Oct. 28 (AP) — Bethlehem Steel corporation today reported all-time high record earnings based on the largest production in the company's history.

Net income for the first nine months of this year was \$53,183,856, equal to \$5.59 a share, compared with \$38,710,723, or \$3.77 a share, during the same period of 1947, the previous record high.

For the third quarter of 1948, earnings were \$22,584,752, or \$2.34 a share, against \$10,211,356, or 96 cents a share, a year ago. The second highest quarter was \$16,379,000 in the fourth quarter of 1944 in the midst of the war.

A dividend of 60 cents a share was declared, payable Dec. 1 to common stockholders of record, Nov. 8. That brought the total this year to \$2.40 a share as against \$5 paid the past year. At the end of 1947, however, stock was split three for one, making the comparable rate for 1947 \$2 a share.

DURING THE THIRD quarter this year operating at 99.7 percent of capacity Bethlehem produced 3,440,000 ingot tons of steel, an all-time record, with 3,386,000 tons produced in the third quarter of 1947.

The current rate of steel production is at 100 percent of the capacity, another record. And Eugene C. Grace, chairman, said if operations continue at that rate during the last quarter "Bethlehem will set a pronounced record for the fourth quarter." During October production was 30,000 tons ahead of any month at any time.

Net billings for nine months this year were \$923,505,197 against \$743,928,818 and in the third quarter of 1948 they were \$324,761,072 compared with \$303,167,479 in the second quarter and \$240,569,761 a year ago.

ORDERS ON HAND amounted to \$662,000,000 against \$580,000,000 a year ago.

Grace said the increase in billings and orders on hand was caused almost entirely by shipbuilding.

Bethlehem has 40 new major ships covered by contract including 32 tankers and two large passenger ships. The total for ships, including smaller vessels such as barges, is \$248,000,000. The total at the end of the second quarter was \$171,000,000. The company will be kept busy until toward the end of 1950 on the present program.

Exports gradually are declining, Grace said, with exports accounting for 8.4 percent of shipments in the first nine months of this year. For all of 1947 exports were 11.6 percent of shipments.

Grace said Bethlehem exports were declining as Europe's own production increased, and he saw little need to attempt to stimulate exports under the Marshall plan. There is plenty of domestic demand without sales to Europe stimulated by fears of war, he said, adding that a quiet Europe would be a bull market factor.

TOKYO QUAKE REPORTED

TOKYO, Friday, Oct. 29 (AP)—A weak earthquake was felt early today in the northern one-third of Japan, including the Tokyo-Yokohama area. No damage was reported. The Japanese Central Meteorological bureau placed the epicenter in the Pacific about 100 miles east of Tokyo.

### Legion Home Group To Fill 4 Vacancies In Elections Today

Members of the home association of the George A. Amole post 47, American Legion, will vote today to fill four vacancies on the association's board of directors.

Six candidates have been nominated to fill the four posts, including two board members running for re-election. They are: George Bennett, Elmer Haas, Ray Hartenstein, Ralph Guest, Charles Bowman and Harold Reidenow.

The members will vote for candidates to fill posts of William Wagner, Daniel Brunish, Haas and Guest, whose terms of office have expired.

THE POLLS will be open in the American Legion offices at King and Franklin streets from 1 until 8 p. m. George Lappas, president of the board, announced yesterday. A reorganization meeting of the board will be held at the Legion home Wednesday night, he added.

Wolves usually mate for life. There are two major species on this continent, the red wolf and the grey. The grey wolf is much heavier than the red.

## Obituaries

**WILSON D. STAMM**, 67, husband of Florence R. (Stanford) Stamm, of 225 Walnut Street, died yesterday at his home.

Mr. Stamm was an accountant for the Pottstown plant of the Bethlehem Steel company for 35 years until his retirement in March, 1947, because of ill health.

Born in North Coventry township, a son of the late Joseph H. and Hannah Jane (Hollowbush) Stamm, he spent his adult life in Pottstown.

Surviving are his wife; a son, Roger W., of New York City; a brother, John P. Stamm, of 464 North Charlotte street, and a sister, Carrie, wife of Harrison Bauman, Pottstown RD 1.

Funeral arrangements, which were incomplete last night, are in charge of a funeral home at 359 King street.

**HAROLD KENNEDY ANDREW**, 43, son of William M. and the late M. Nettie (Emery) Andrew, died suddenly of a heart attack Wednesday night at his home in Philadelphia.

Andrew, a former resident of Pottstown, was born in Reading. His family moved to a home near Boyertown shortly after his birth and then to Pottstown where his father had grocery businesses at Evans and Chestnut streets and at Evans and West streets.

He attended Pottstown schools and was one of the youngest graduates of the Pottstown Senior High school, receiving his diploma in 1919 at the age of 14.

He is survived by his wife, Florence (Myers) Andrew, three daughters, Dolores, Jeanetta, and Ruth, all at home, and his father and a sister, Mrs. Norman Bowers, both of 90 West Third avenue, Collegeville.

Funeral services will be held at 2 o'clock Saturday afternoon from a funeral home at Sanger street and Rising Sun avenue, Philadelphia.

Funeral services for **SUSAN E. (HABECKER) McCURDY**, of WARWICK, Elverson RD 2, were held yesterday afternoon at 2 o'clock at the family home.

Mrs. McCurdy, the wife of Arthur McCurdy, died the past Saturday at home.

Officiating at the rites was the Rev. John Bixler, pastor of Pine Swamp Evangelical Congregational church. Interment was made in Ebenezer Methodist cemetery.

Bearers were Ralph Taylor, Stanley Orrs, George James, Warren Hughes and A. T. Stoltz.

Survivors, in addition to those previously mentioned, included a brother, William E. Habecker, of Landisville, Lancaster county.

Private funeral services for **CHERYLE KATHLEEN SCHUTT**, infant daughter of Russell J. and Ellen C. (Pyott) Schutt, of 657 NORTH CHARLOTTE STREET, were held yesterday afternoon from a funeral home at 359 King street.

Officiating was the Rev. Luther A. Krouse, pastor of Emmanuel Lutheran church. Interment was made in Highland Memorial park.

In addition to the parents, the child was survived by her maternal grandparents, Mr. and Mrs. Clinton P. Pyott, 31 East Second street.

Funeral services for **LIZZIE FLORENCE (BENKE) EGOLF**, wife of Harry Egolf, of 358 SPRUCE STREET, were held yesterday afternoon at 2 o'clock from a funeral home at 404 High street.

The Rev. Luther A. Krouse, pastor of Emmanuel Lutheran church, officiated. Interment was in Highland Memorial park.

Bearers were Charles, John, William, Samuel, Daniel and Clarence Egolf.

**INFECTION CLAIMS LIFE**  
PITTSBURGH, Oct. 28 (P)—Randall Wolfenberger, 4, died at South Side hospital today of an infection which apparently developed from a cut eyelid.

## Politician Dies

Rep. Milton West (above), 60-year-old Texas Democrat who came to Congress in 1933 as successor to John Nance Garner when the latter became vice president, died yesterday at Walter Reed hospital in Washington. He was a victim of lymphoma, a glandular disease.

### HERSHEY MINER KILLED

HERSHEY, Oct. 26 (P)—John Spangler, 26-year-old safety miner at the Annuville Stone company, was killed here today when a slab of limestone he was attempting to remove fell and crushed him.

## Death Claims Doctor Working on Research To Save Own Life

CHARLESTON, S. C., Oct. 28 (P)—The death today of a young surgeon ended heart valve research which he had hoped would save his own life.

He was Dr. Horace G. Smithy, 35, assistant professor of surgery at the Medical college of the State of South Carolina.

Dr. Smithy, his heart weakened by rheumatic fever in his youth, died of pneumonia and a heart condition similar to that which he relieved in operations on others.

His operation on Betty Lee Woolridge, 21, of Canton, Ohio, the past Jan. 20, made medical history. He overcame two surgical difficulties encountered in the last previous unsuccessful attempts in the 1920's. The difficulties were to keep the heart beating and to see the valve. The Smithy technique cut away

scar tissue in the valves that interfere with blood flow in the heart chambers.

DR. SMITHY HAD worked on a heart valve different from that which contributed to his death. Doctors at Roper hospital, where he had been a patient the last month, said Dr. Smithy had planned to undergo an operation this Fall to save his life. The operation might have been made several months ago but he insisted on completing his research.

He recently told a friend he had

a great deal to do and was working desperately to get it done.

The past week from his bed, he dictated the last six pages of a report on his research to Dr. Manly Stahlworth, assistant resident in surgery at Roper hospital. Dr. Stahlworth had assisted Dr. Smithy in previous heart valve operations.

At the conclusion of his dictation, Dr. Smithy could hardly speak above a whisper. He nearly collapsed from exhaustion.

## 2 Children Perish in Fire Starting From Oil Stove

PHILADELPHIA, Oct. 28 (P)—A fire starting from a portable kerosene stove killed two children today. Victims were two-year-old Eugene King and his brother, Richard, two months old. Their sister, Jacqueline, four, fled to safety from the house when the blaze started.

The children's grandfather, Richard King, 57, had left them to go to the corner store to buy a package

of cigarettes. A moment later the fire started and Jacqueline ran away when he tried to enter the screaming from the house.

King rushed back but was driven away when he tried to enter the living room.

Republicans Confident They Will Carry Strategic Northeast; Democrats See Fight

NEW YORK, Oct. 28 (AP) — Republicans are confident they will carry the strategic Northeast in the next Tuesday election, while Democrats see a fight.

With the election five days away, the only state in the region in which Republicans might seem to be trailing is little Rhode Island.

Democratic leaders, however, are conceding little except that they are in a much tougher fight than in previous years.

The 11 states in the area — including New England, New York, Pennsylvania, New Jersey, Maryland and Delaware — have 149 electoral votes, 56 per cent of the 266 necessary for victory.

Roosevelt carried all of them but Maine and Vermont in his last three terms. Even in 1932 he won 92 electoral votes in the region.

Biggest prize, of course, is New York, with 47 electoral votes. Gov. Thomas E. Dewey's resounding 587,000-vote majority in his second gubernatorial triumph in 1946 convinced GOP strategists he could sweep the state this year.

Republicans are made doubly confident in the Empire state by Henry A. Wallace's candidacy. They expect him to attract perhaps 500,000 votes, mostly from sources which otherwise would be Democratic.

But some political leaders feel Wallace's strength has waned considerably.

Wallace is running under the American Labor party banner in New York. The ALP four years ago gave Roosevelt 496,000 votes, or considerably more than his 316,000 - ballot margin over Dewey.

New York's registration figures also makes Republicans happy this fall. The total of 7,043,579 represented a drop of 169,000 since 1944 but the decrease in Democratic New York City was 232,000. The rest of the state, usually GOP - minded, gained 73,000.

PENNSYLVANIA, WITH 35 electoral votes, is the second largest campaign target in the northeast, as well as the nation.

Republicans are placing it in their column although the Democrats, with strong labor support, declare they have a good chance.

In many states in the area, local contests are arousing more excitement than the race for President. This appears to be the case in Massachusetts, Connecticut, New Hampshire and Delaware.

Chester Bowles, former OPA boss and retired New York advertising executive, is locked in a sizzling battle for the Connecticut governorship with Gov. James C. Shannon, GOP nominee to succeed himself.

Gov. Robert P. Bradford, who led Massachusetts Republicans back into power two years ago, has vigorous opposition in his re-election campaign from former Attorney General Paul A. Dever, World War II veteran.

The all-time record registration in the Bay state is attributed in large part to four sharply disputed referenda — one dealing with birth control information and three with regulation of labor unions.

STRONGEST DEMOCRATIC hopes in New England are centered on Rhode Island. Sen. Theodore F. Green, 81-year-old New Dealer, seeking another term, spearheads the party's drive. He is opposed by Thomas Pierce Hazard, retired corporation director, like Green a wealthy man and a member of an old Rhode Island family.

New Jersey Republicans made some campaign use of a statement by Frank Hague, the party's state leader, at the time he plumped for Gen. Dwight D. Eisenhower for president. He said then New Jersey would go Republican by 300,000 if President Truman were renominated.

Since then, Hague has sponsored a huge rally for Mr. Truman in his Jersey City stronghold.

Maryland, which has picked the winning side in national elections since 1892, is a battleground this year. The Republicans expect votes in the counties to offset a plurality for Mr. Truman in Baltimore.

State Labor Leader Says 10 Republicans Who Supported Taft-Hartley Law Will Lose

By The Associated Press  
State AFL President James L. McDevitt said today he is convinced "the percentage of voters" Governor Dewey will get "from organized labor next week will be almost negligible."

The Pennsylvania labor leader at the same time told newsmen at Harrisburg that at least 10 incumbent Republican congressmen from this state will be defeated next Tuesday as a result of labor union opposition.

In other campaign developments, U. S. Sen. Edward Martin said in a radio address at Harrisburg America has a "desperate need" for "new, strong, honest congressional leadership."

"That is why the American people, when they go to the polls next Tuesday, will vote overwhelmingly for the election of the

Republican standard bearers, Thomas E. Dewey and Earl Warren," he stated.

Martin also told a Republican rally at New Bloomfield, Perry county, in another address that the 80th Congress made a "record of outstanding achievements" in spite of "the most determined opposition from the White House."

McDevitt, who heads the Pennsylvania AFL Political Education League, made his election forecasts at a news conference He returned to Pennsylvania the past week from Geneva, Switzerland, where he participated in a United Nations conference on world labor standards.

"I haven't yet met a single working man who has told me he's for Dewey," McDevitt stated. "As far as the polls and newspapers are concerned, I don't know where this great Dewey sentiment they talk about can be. I feel confident President Truman will get enough votes to win."

The state AFL's political branch is opposing all incumbent Republican congressmen who voted for the Taft-Hartley labor law.

In other congressional fights, McDevitt said Lackawanna county "is a sure winner" for the Democrats and that everybody he has talked to in Berks county predicts the Democratic nominee will win there.

Victories for labor supported congressional candidates in Cambria, Fayette - Somerset, Luzerne and York counties also were forecast.

STRONGEST DEMOCRATIC hopes in New England are centered on Rhode Island. Sen. Theodore F. Green, 81-year-old New Dealer, seeking another term, spearheads the party's drive. He is opposed by Thomas Pierce Hazard, retired corporation director, like Green a wealthy man and a member of an old Rhode Island family.

New Jersey Republicans made some campaign use of a statement by Frank Hague, the party's state leader, at the time he plumped for Gen. Dwight D. Eisenhower for president. He said then New Jersey would go Republican by 300,000 if President Truman were renominated.

Since then, Hague has sponsored a huge rally for Mr. Truman in his Jersey City stronghold.

Maryland, which has picked the winning side in national elections since 1892, is a battleground this year. The Republicans expect votes in the counties to offset a plurality for Mr. Truman in Baltimore.

### 150 Attend Session Of Local Rotarians

Ernest Dupile, of Broomall, speaking on "Getting the Most Out of Life," told Pottstown Rotarians last night, "There is more optimism per square inch here than they have per square mile in Europe."

The guest speaker addressed a Ladies' Night session of the club in the Elks' home. One hundred and fifty Rotarians, wives and guests were present, including District Governor and Mrs. Joseph Ahey, of Reading.

Maureen Goodkin, a Philadelphia hypnolist, entertained the group for two hours.

The Rev. John B. Frantz, pastor of Trinity Reformed church, led group singing.

Charles Nagle, program chairman, was in charge of the arrangements.

President E. Ernest Knip presided.

### STALIN —

(Continued From Page One)

Stalin's comments on the agreements were "factually untrue." The Moscow agreement, they pointed out, hinged on the four military governors of Germany being able to agree on details of circulating a Soviet-backed paper in all Berlin under four-power supervision. This they were unable to do. The Western powers have charged that Soviet Marshal Vassily Sokolovsky did not live up to the line of the Moscow agreement.

The Western informants said the only agreement in Paris was one by the "Little Six" and the Western powers which Soviet Deputy Foreign Minister Andrei Vishinsky sought to change and finally vetoed in the security council.

Application for the money was made after council, at a special meeting on Oct. 20, "guaranteed" the borough's share of the expenses.

Councilmen were assured that the borough actually would have to pay very little of the \$18,000.

They were told that by the Spring, when work gets under way, continuing contributions to The Mercury's Airport Fund might insure council from actually appropriating any money at all.

which they will receive from the election clerks.

On Tuesday, the presidents of the four classes, Elbert Bean, Steve Bodolus, Patti Orandish and Gordon Wampler, will act as election judges, while the class secretaries, Janice Kerr, Joyce Swinehart, Betty Cooper, and Phyllis McCracken, will act as clerks.

Copies of the regular ballot will be duplicated by mimeograph and will be used in the elections.

The recordings which have been used in the classes were made during the conventions by Paul H. Grim, supervising principal of the school. They include the declaration of the Republican platform by Sen. Henry C. Long Jr., the roll call of the states, Sen. Edward Martin's nomination of Gov. Dewey, the seconding of Dewey's nomination Sen. John W. Bricker's nomination of Sen. Robert A. Taft, the nomination of Gov. Earl Warren, the nomination of Gov. Harold Stassen by Congressman Walter H. Judd, and the first ballot of the convention.

Grim made the recordings of the Republican convention at home. Since the Democratic convention came during his vacation, he carried the recording machine with him and recorded the speeches in Mackinaw City, Mich.

AMONG THE Democratic recordings are the reading of the resolutions by Sen. Francis J. Myers, the roll call of the states, the nomination of President Truman by Gov. Phil M. Donnelly, the first ballot during which Alabama and Mississippi left the convention and the nomination of Senator Richard B. Russell, of Georgia.

After the elections have been held, Grim plans to play a recording of a debate on voting at 18 years of age to his students for their comments.

### Coal Cars Jump Tracks, Ram Brewery, Kill One

MAHANAY CITY, Oct. 28 (AP) — A 62-year-old flagman was killed and heavy damage done to a track-side building of the Kaiser brewery tonight when two loaded coal cars jumped the tracks and overturned on a Reading railroad siding.

The victim was identified as Edward Rhodes of Tamaqua, flagman on the lead car of a string of loaded cars in a colliery freight.

The two lead cars left the track and landed against the wall of a two story keg washroom of the brewery, demolishing the wall. Rhoades, who is survived by his widow and two children, was buried in the wreckage.

### Tenderfeet Inducted At Troop 12 Meeting

An investiture ceremony for incoming Tenderfoot scouts and an open house program was held by Troop 12 in St. Aloysius school Wednesday night.

The Rev. John Campbell, assistant rector of St. Aloysius Catholic church, addressed the scouts and parents present after his installation as troop chaplain.

Robert U. Borneman, district scout executive, emphasized the privileges and responsibilities of becoming a scout during his talk.

The installation ceremony was in charge of Scoutmaster Ernest Duracko. The roll call was read by Donald Berhold, troop secretary.

Envoys with the troop were Ronald Bertold, Francis Stranick, Brennan Kelly, Richard Kelly, Francis Smith, Carl Perucelli, Anthony Giangacomo, Ralph Chieffo, Richard Stonaker, Thomas Nagle, Vincent Grimm, John Mulvan, Paul Firing and Stephen Stranick.

The meeting closed with the serving of refreshments and a social hour.

PARIS Oct. 28 (P)—Soviet Deputy Foreign Minister Andrei Vishinsky, when investigating charges of aid to Greek guerrillas by Yugoslavia, Albania and Bulgaria.

He said the resolution was a "shame and a blot" on the U.N. committee, and that UNSCOM's report of border violations by Greece's three northern neighbors was "biased, baseless and nonsense."

Declaring the report should not be approved, he shouted, "no, no, no, no. We can not do that. It is a pile of garbage."

He ridiculed the commission's method of giving identifying numbers to witnesses it had heard, instead of listing their names.

"We have witness 6-W-110 and witness 6-W-112," he said. "Who are these witnesses? Who are these disreputable numbers?"

He accused Britain's Hector MacNeil of "insinuating evidence during a speech to the committee, and questioned the evidence cited by Dulles."

## Israeli Units Make New Gains; U. N. Considers Economic Ban

TEL AVIV, Israel, Oct. 28 (AP)—Israel's troops made new unopposed advances at Egypt's expense in Southern Palestine today, and the Jewish prime minister declared "we will never retreat" to truce-line positions.

Prime Minister David Ben-Gurion made his statement to the state council at Britain and China introduced in the U.N. Security Council in Paris a resolution to study the application of sanctions against violators of the Palestine mediator's orders.

Jewish army headquarters said Israeli troops today occupied Isdud and nearby villages 20 miles south of Tel Aviv when the Egyptians withdrew.

Yesterday Israel rejected mediator Ralph Bunche's orders to withdraw to positions occupied on Oct. 14, when Israel's offensive against Egypt in the Negev desert started. Israel said the Security Council's cease-fire proposed negotiations for a withdrawal but did not actually order a withdrawal. Today Ben-Gurion went further.

"We will never retreat to positions held on Oct. 14, before fighting in the south started," he said. In order to restore the previous positions the Egyptians will have to build up a new army.

The fact that a dove does not have a gall bladder, which the ancients regarded as the seat of bitterness and bad temper, led to its selection as a symbol of meekness and peace.

PARIS, Oct. 28 (AP)—The United Nations Security Council considered today the possibility of imposing an economic blockade to curb truce violations in Palestine.

A resolution introduced by Britain and China suggested that the council study the use of economic pressure in dealing with the Holy Land case.

Canada and Belgium announced they would support the resolution. France said it was acceptable. A reliable source outside the council of ambassadors said the United States also would back the proposal.

At the request of Russia and the Soviet Ukraine however, a vote was delayed until tomorrow.

THE RESOLUTION was advanced under Article 41, Chapter seven, of the U. N. charter which sets forth actions "not involving the use of armed forces" by which the council may enforce its decisions. These include breaking economic and diplomatic relations.

Under the proposal a committee would be set up to study what economic and diplomatic measures the council might take against Israel and Egypt if they refused to heed United Nations' orders on the Negev front.

Sir Alexander Cadogan of Britain offered the resolution. He said a display of weakness by the council now might "quickly lead to a general resumption of hostilities."

## Nobel Medicine Prize Goes to Swiss Doctor

STOCKHOLM, Sweden Oct. 28 (AP)—Dr. Paul Mueller of Basel, Switzerland, was awarded the 1948 Nobel prize in medicine tonight for discovering the strong insect-killing powers of DDT.

The prize will be worth 159,772 crowns (\$44,000) when Dr. Mueller receives the award at a ceremony in Stockholm on Dec. 10.

DDT—dichloro-diphenyl-methyl methane—has been credited with saving hundreds of thousands of persons from death and disease, particularly during the war when it was sprayed on millions of persons to prevent the spread of typhus, malaria, spotted fever and other diseases of insects.

## German Reds Admit Split In Question of Polish Border

BERLIN, Oct. 28 (P)—German Communist leadership acknowledged a split in party ranks today over the question of regaining German territory lost to Poland.

A special proclamation of the Soviet-sponsored Socialist Unity party said propaganda for revision of the Eastern borders along the Oder-Neisse line had "found willing ears in our ranks." It demanded that members of the party accept the country's eastern borders as permanent and maintain "friendly relations with the Polish peoples' democracy."

Meanwhile, a British foreign office spokesman in London said Gen. Sir Brian Robertson, British military

governor, was speaking for himself when he suggested withdrawal of occupation troops from Germany "may well be the only means" of solving East-West difficulties.

# 31 Local Delegates Among Republicans At Norristown Rally

By Staff Correspondent  
NORRISTOWN, Oct. 28.—One of the biggest Republican rallies in Montgomery county history was held tonight in Norristown City hall, with more than 1100 workers from all sections gathering to hear a roster of speakers led by U. S. Sen. James P. Kem, Missouri.

Pottstown sent a delegation of 31 to the rally, including county officials, borough councilmen and clubmen. The rally was sponsored by the Republican County Campaign committee.

Sen. Kem lashed at President Truman for his association with the Pendergast political machine of both men's home state.

"For many years," the senator declared, "the pathway to good government in our own State was barred by a vicious corrupt and sometimes violent political machine. It is one of the strangest accidents in all recorded history that the speaker added that a quiescent member of this machine should have crossed the threshold of the White House . . . to extend throughout the nation the practices of the system long associated with the name of Pendergast."

SENATOR KEM went on to praise Gov. Dewey and Warren as "master craftsmen in the art of government" and Montgomery County Congressman Samuel K. McConnell Jr. for his record in the House of Representatives.

Other speakers included McConnell, State Sen. Lloyd H. Wood and Mrs. Mary H. Beer, chairman and vice chairman, respectively of the County committee; Leon Walt, Royersford, Eastern chairman of the State Republicans Veterans League, and Joseph N. Pew, of Lower Merion, nationally-known oilman and Republican leader.

Candidates for county office also either took bows or made brief remarks.

AMONG THOSE in the Pottstown delegation were Earl Wentzel, William Whitman, Mabel Flickinger, Raymond C. Kelley, Raymond Lasky, Peter J. Lawler, Margaret Repko, Jerry Ocaviano, Mr. and Mrs. J. Edmund Fritz and Mrs. William Hilleagass.

Also Daisy Henry, Harry Hodeloway, Ralph Weil, L. Mae Purnell, Mr. and Mrs. Earl B. Bechtel, Mr. and Mrs. George Roberts, Mrs. Harold Roberts, Mrs. Charles Seeders, Mr. and Mrs. Ralph L. Swately, Mr. and Mrs. Claude Myers.

Also Mrs. Mabel High, Mrs. Katie Strunk, Mr. and Mrs. Theron Keen, Mrs. George Struohar, Mary Overholzer and William J. Boden.

**Trustman:** When the bill was made law, 27 Democrats stood with Republicans while only one voted with the party leader. Democrats, therefore, deserve as much credit or blame for the law.

**UNITY**  
Eberhart: "Dewey is for unity. All we hear is a lot of nice phrases like 'unity' and 'America' and the Reds in Russia but we never hear how the country stands on specific issues."

**Trustman:** Truman has bogged party unity. Can he lead the nation into unity? Dewey will work with his own party and the Democrats in Washington because all know he will be working for the best interests of the country and going it without "secret deals."

**COMMUNISM**  
Eberhart: President Truman has his hands full with everything but war. They have our Marshall Plan and Truman Doctrine. The President also has directed a loyalty check on two million federal employees, which showed 99.71 percent to be absolutely loyal.

**Trustman:** No remarks on the subject.

**HIGH PRICES**  
Eberhart: The Republican Congress has refused to take responsibility for dealing with high prices. Twice they have rejected Presidential proposals to control the inflation spiral.

**Trustman:** No remarks on the subject.

**EBERHARTER WAS** introduced by Leon C. MacMullen, local Democrat leader.

Joseph I. Prince, attorney, introduced the Republican speaker. Eberhart quoted Harold Stassen, Presidential aspirant, now president of the University of Pennsylvania, in assailing Dewey.

His switch since the convention, Eberhart suspected, was the result of a deal made to him by trustees of the university. In exchange for the university presidency Stassen was to back Dewey, Eberhart claimed.

In the question period Trustman answered most of the questions.

ing the highway department in the red to the tune of nearly \$6600.

The borough manager explained, however, that this deficit may be relieved by funds from other departments at the year's end, with the result that the borough will end 1948 on the credit side of the ledger.

Pottenger, however, giving the addresses of the other men from memory, showed that only two of them lived outside Pottstown.

They were Glenn Davis and Kenneth Mast, both of Stowe.

The others who will continue working, as far as they know, are James Eschbach, 672 Spruce street; Irvin Reppert, 307 North Franklin street; Charles Sprue, Charlotte street near Jefferson avenue; Elwood Bover, Jefferson avenue east of Hale street; Peter Morko, South Evans street; Lester Pennypacker, Beech street east of Adams street; Charles Johnson, 724 Beech street; Francis I. Cook, 324 Walnut street; Walter N. Rimmer, 826 Queen street.

Also Michael Dansher, 611 Walnut street; George Boalton, 22 Reynolds avenue; Jacob Deischer, 436 South street; Peter J. Blankowski, 30

**SEARS ALSO** compared the highway department payroll with that of 1947.

The average force at this time of year is 15 to 18 men, he said. During the week of Oct. 19-25, 1947, there were but 13 men working on highways and 11 on sewers.

This year, after the layoffs, there are now also 24 men remaining on the borough highway and sewer payrolls.

He acknowledged that construction of new roads to serve homes erected this year had taken money from highway work originally scheduled and that some projects now would have to be curtailed until next year.

**THE WORKERS** laid off yesterday, in addition to Cauler and O'Brien, were:

**SEARS ALSO** compared the highway department payroll with that of 1947.

The average force at this time of year is 15 to 18 men, he said. During the week of Oct. 19-25, 1947, there were but 13 men working on highways and 11 on sewers.

This year, after the layoffs, there are now also 24 men remaining on the borough highway and sewer payrolls.

He acknowledged that construction of new roads to serve homes erected this year had taken money from highway work originally scheduled and that some projects now would have to be curtailed until next year.

**BACKACHE, LEG PAINS MAY BE DANGER SIGN**  
Of Tired Kidneys  
When a doctor of kidney function permits passage of matter to remain in your blood, it may cause backache, rheumatism, pains, loss of sleep and energy, getting up nights, weakness, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages to urinating and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your doctor for Doan's Pills, a standard diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 10 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

# Children's Books Discussed by Rhoda Tuck To Parents and Teachers at Rupert School

There are three great events in a child's life—when he learns to walk, when he learns to talk—and when he learns to read. Mrs. Rhoda S. Tuck, librarian of Chester county schools, told Rupert Parent Teacher association members last night in the Rupert building.

Of the three, the greatest thrill comes when he learns to read," she continued, "and after he has become acquainted with the printed words it is up to his parents and teachers to see that he has fascinating and proper books to read."

Mrs. Tuck, who also drives the Chester bookmobile car, brought with her many different books to illustrate her talk. She showed the group a primary speller and arithmetic of 1849-70 vintage, and an old Bible, which for years was practically the child's only source of reading material. Some children were fortunate enough to procure a copy of Pigeon's Progress which greatly augmented their reading material.

TODAY CHILDREN are fortunately endowed with any number of interesting and good books, adequately illustrated with colorful pictures. Most children learn much more rapidly with illustrations than without.

She declared that no distinction is made between books for boys and girls until after they reach the fourth or fifth grade, both sexes liking the same type of material.

Among the good books she highlighted for children from six to 12 were, "Big Tree," "Little Island," "Little Town," a book for city children, and "Big Town," a book for small town children.

Among the books of science which she recommended for older children were: "The Right We Defend," "Religious Liberties," "Fair Trial," and "Liberty of the Press."

PRIOR TO HER TALK, the membership chairman, reported that 204 were now enrolled through the membership drive which is in full swing and it appeared as if the drive might result in a 100 percent enrollment of the 300 parents in the school.

Mrs. Harold Rohn, presiding president, gave a report from the State convention in Scranton, which she recently attended and told members that Rupert PTA, with Lincoln PTA were the only borough schools to receive the honor standard certificate at the convention for meeting all the required goals.

Group singing was led by Mrs. Betty Hunter, while Mrs. Nathan Estrichner accompanied at the piano. The room award went to Miss Dorothy Hick's class.

Mrs. Joseph Hunsicker was in charge of the program while Mrs. George Xanthopoulos was in charge of the refreshments which followed the meeting.

Grind luncheon meat and sweet pickles together for a sandwich spread; moisten with mayonnaise or creamy salad dressing. In making the sandwiches use one slice of whole wheat bread with one slice of white.

## James Baird Addresses Bible Class Members

Mr. James Baird, general secretary of the YMCA, addressed members of the Ashbury Bible class of First Methodist church last night at his annual banquet in the Clover Leaf restaurant.

He chose as his topic, "Our Youth Needs," and explained to the group the boys' work that is being done in the YMCA, using films to illustrate his topic.

Large bowls of mixed Fall flowers were used as centerpieces, and were flanked by tall yellow tapers in crystal holders. The affair was attended by 43 members.

Entertainment was provided by Miss Patricia Born, who gave two readings and by a chorus composed of Mrs. James Baird, Mrs. Horace Oleweller, Mrs. Lawrence Wiant, Mrs. Howard Hallman, Mrs. George V. Hurdie, Mrs. Edward Graham and Mrs. Raymond McMonis, accompanied by Mrs. William Ober Sr.

Mrs. Frank Seitz was presented with a gift from the class in honor of her recent silver wedding anniversary. The Rev. Horace Oleweller gave a short talk.

## Double Christening Held In Local Lutheran Church

A double christening took place in St. James Lutheran church recently when Linda E. Eaton and Patricia Ann Buchert were baptized by the Rev. Edward S. Horn, pastor.

Linda E. is the one-year old daughter of Mr. and Mrs. Charles Eaton Jr., 331 North Franklin street. Standing for her as God-parents were Mr. and Mrs. Charles Nymann, of Lancaster.

Patricia Ann is the seven-week-old daughter of Mr. and Mrs. Kenneth Buchert, Sanatoga. Her God-parents were Mr. and Mrs. Wilbur Rock, of Sanatoga.

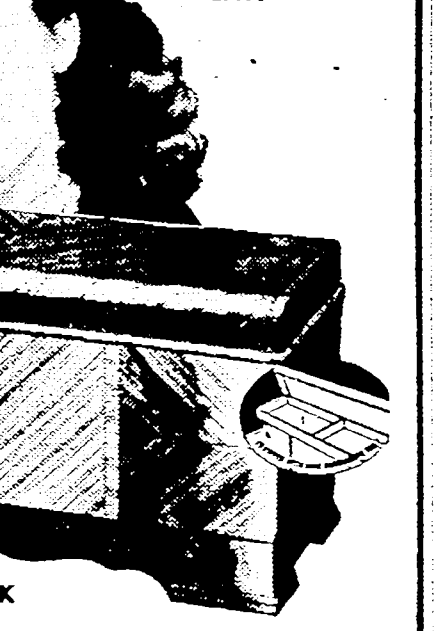

Mrs. Eaton and Mrs. Buchert are sisters.

## Business and Fun Mixed by Doe Club At Hallowe'en Party

Members of the Doe club enjoyed a Hallowe'en party last night in the Elks' home.

The main feature of the evening was the grand march. Mrs. Grace McCarthy rendered piano music for this as the members paraded around the room. Winners were as follows:

Mrs. Rose Weikel, who was dressed as a "granny," most original; Mrs. Francis Leh and Mrs. Shirley Freese, most comical couple; and special prizes went to Mrs. Ann Jacobs, who was dressed as a hunter; Mrs. Ann Smith, an Indian girl; Mrs. Nellie Kulp, a ghost; Mrs. Kate Wolfe, a soldier of 1918; Mrs. Fay Speer, a baby going to bed; Mrs. Jennie Saydam, all dressed up and no place to go; and Mrs. Edith Gacher, going to bed. Mrs. Catherine Keim was the hardest to guess.

The come and get it prize was won by Mrs. Anna Smith. Mrs. Anne Jacobs was in charge of the program, which consisted of games such as peanut carrying, passing the garner, putting shoes on and off and many others.

DURING THE business meeting, a nominating committee was appointed by the president, Mrs. Nellie Houry. Those on the committee are: Mrs. Marie Montague, chairman, Mrs. Rose Weidenbaugh, Mrs. Helen Pray, Mrs. Martha Baker and Mrs. Florence Whitaker.

Chaplain for the evening was Mrs. Francis Whitacre. The Navy Mother's club bazaar was discussed, and members were urged to bring booth donations. Mrs. Virginia DeSoli is chairman in charge of the booth.

It was announced that the club is planning a trip by bus to Philadelphia to a homemakers center on Dec. 6. As there must be at least 50 women making the trip, members

were asked to contact Mrs. Betty Miller for reservations as soon as possible.

New members taken in at the meeting were: Mrs. McCarthy, Mrs. Charles Neeb, Mrs. Ann Seasholtz, Mrs. Harvey Weiser and Mrs. Gerald Stahl. Names proposed for membership were those of Mrs. Mary Mazza, Mrs. David Warren and Mrs. Charles Breslin.

Refreshments of cider and doughnuts were served by the hospitality committee, Mrs. Speer, chairman.

## BARCLAY ON BRIDGE

By SHEPARD BARCLAY

Know Combinations  
MOST advanced players have studied lots of different combinations of the cards in order to know the best ways to play them. It would take a good many hours to figure out the advisable course in a certain line, in order to take all the tricks in a suit, all but one, all but two, etc. But if a player has devoted time away from the game to making some of them in his mind, he can save his memory during the game and devote them instead to a consideration of other factors.

That was not the soundest bidding in the world but it proved the most profitable on this tournament deal. Other declarers in a mere 3-No Trumps simply ran ten tricks after the heart lead, so when they later saw the score returned or South as this game, they could understand it unless South had executed a diamond lead to build on his K and then had executed a spade lead upon West between spades and the heart J. When this declarer then saw the heart K had been led, they couldn't

understand how he managed to take twelve tricks.  
"Simple as could be," he told them. "I merely played the spade suit the way it had to be and found West holding what he had to hold."

He won the heart K lead with the A, then embarked on spades. His study told him the only chance was to find West with both the Q and 10. So he led the J, prepared to let it ride, out West covered with the Q and the K won. He returned with a club, then led the spade 9, again ready to finesse it, which he did when West refrained from the cover with the 10 which would clearly establish the 8. Then the A dropped the ten and the 8 won. Now the rest of the clues completed the required dozen and the Diamond K was given up at the end. Knowing the most hopeful way of playing, a spade combination earned South a wondrous score on the deal and victory in a close tournament.

### Spring City Councilmen Withhold Award On Parking Meter Contract Until Monday

Spring City borough council, meeting in special session last night, withheld action on the awarding of the contract for the installation of parking meters until the regular council session scheduled for next Monday. The reason for the deferral was attributed to the fact that the entire council was not present.

Bids were opened and read from four parking meter companies on five meters. The bid from the Karpark company for the Husky, one-hour meter was \$57 each, plus installation charges of \$4 per meter. From the same company the Standard,

two-hour, ten-penny meter was offered at \$72.50 each, plus \$4 installation.

The Roadmaster company bid for the 100 meters was \$62 each installed, plus P. O. B. or \$58 if installed by the borough. Park-O-Meter company bid was \$53 each, if installed by the borough and \$51.50 installed without coin register.

The bid from the Dual company was \$62 each plus 50c freight and \$.50 for installation. Dual also stated that this was with two coin boxes. If only one coin box was needed there would be a deduction of \$1.50 each on the bid.

THREE REPRESENTATIVES from the parking meter companies were present. They each had had a half hour at a previous special meeting to point out the facts concerning their respective meters.

Councilmen present were Clyde Kaffer, president; Leon Beard, Kenneth Rothermel, Howard Barclay,

### Royersford Girl Scouts Hold Birthday Meeting

Royersford senior Girl Scouts held their meeting in the form of a birthday party to mark their second anniversary as a troop Wednesday night in Grace Lutheran church.

An investiture ceremony was conducted for four members, Joanne Heller, Betty Barrett, Roberta Ketter and Nancy Urban. Handicraft was suggested as a project for the new year.

Attending the meeting were Dolly Leonard, Carolyn Fry, Mary Undercoffler, Joan Smith, Sandra Bauman, Nancy Henry, Joanne Heller, Betty Barrett, Roberta Ketter and Nancy Urban, Miss Phyllis Stafford, leader, Miss Madeline Pifer, assistant leader, and three guests, Mrs. Franklin Raudenbush, Mrs. Arthur Reimer and Mrs. Fred Heller, members of the troop committee.

### Hospital Notes

Discharged: Mrs. Albanus Miller, Royersford; Caesar Corrolopolo and David Bortman, Spring City.

and Harry Lee. Other officers of the borough present were Burgess Benjamin Beriolet, Secretary S. N. Mowrey and Solicitor D. Clark Sauter.

### Pfc. Eisenbise Funeral Scheduled for Sunday

The body of Pfc. George L. Eisenbise Jr., Washington Square, formerly of Spring City, has arrived at a Spring City funeral home, 331 New Street.

Funeral services will be conducted Sunday afternoon at 2:30 o'clock in the Church of the Nazarene, Pine and Freedley streets, Norristown, with interment in Vincent Memorial cemetery, Spring City.

Pfc. Eisenbise, son of George L. and Mary (Kimes) Eisenbise, was 21 years of age when he was killed in France on Jan. 9, 1945.

### Luzerne County Fugitive Captured at Scranton

SCRANTON, Oct. 28 (AP)—Joseph R. Lukaszewski, 31, Wilkes-Barre, who escaped from the Luzerne County prison on July 9, 1945, was captured at the home of a relative here this afternoon, Detective Captain Edward Kelly announced.

Lukaszewski had been serving an 18-month term when he broke out of jail. Luzerne county detectives came here and aided in the capture of the fugitive who offered no resistance.

### Sears Asks Federal State Aid for Building Of Sewage Plants

Borough Manager Dow I. Sears last night called for Federal as well as State assistance to boroughs facing the problem of constructing secondary sewage disposal plants.

He spoke briefly before a meeting of 120 members of the Montgomery County Boroughs' Association in the Spring-Ford Country club, near Royersford.

Pottstown, as well as numerous other communities throughout the State, must construct a secondary disposal plant upon the orders of the State Sanitary board.

THE NEW PLANTS will completely purify sewage, so that it is a clear, bacteria-free liquid when it is dumped into the Schuylkill river. The river now is in the process of a gradual clean-up.

Three boroughs in the county—Royersford, Bridgeport, and Conshohocken—have received orders to begin work on their plants, it was brought out last night.

Others have been ordered to prepare their plans. Locally, it

is expected that the plans will be completed by December.

Sears pointed out that a plant here would cost nearly \$500,000. Several weeks ago he said that if the borough were ordered to build the plant now, it virtually would exhaust Pottstown's borrowing capacity, or would force the imposition of a sewer rental upon its citizens.

A RESOLUTION was prepared last night, formally asking State assistance in constructing the plants, but since State legislators to whom it was to have been presented were at a political rally in Norristown, action was deferred until next month's meeting in Pottstown.

John W. Calder, director of the Pennsylvania Municipal Authorities Association and Secretary of the Delaware County Sewage authority, spoke briefly, outlining the sewage problems facing State municipalities.

Sixteen Pottstown public officials attended the meeting. Representatives of 19 Montgomery county boroughs were present.

President Henry Walker, of Ambler, conducted the meeting.

### Trailer Hits Light Truck, Injuring Driver Fatally

SHANE, Md., Oct. 28 (AP)—A 65-year-old White Hall, Md., resident was fatally injured today when his

light truck was struck broadside by a trailer tractor.

The victim, identified as Nicholas Feible, was pronounced dead at the scene. Police said the driver of the tractor-trailer was Donald E. Runkle, 21, of York, Pa.

## Meet Your Neighbors...

Some of the people your Community Chest dollars help.

Meet the roly-poly baby in the top row of pictures. Cute, you say. You should have seen her a month ago. She was sick, hungry, neglected.

A Red Feather health service provided medical care, food, a foster home.

See that sweet-faced, elderly woman to the left in the second row? A few months ago she was terrified, friendless, homeless.

A Red Feather service wiped the terror from her eyes . . . brought her shelter, comfort, security.

Notice that alert, dependable-looking kid at the right in the middle row. Not so long ago he was headed for serious trouble with the police.

A Red Feather youth service intervened between him and his trouble-making gang. Now he's working off excess energy in a Red Feather gym . . . and doing well in school, too.

Take a look at that redhead in the bottom row of pictures. Nothing wrong with her, you would think. Not now. But a few months ago that girl was desperate. Her husband developed TB. She had no job, no one to leave

the children with while she looked for one.

A Red Feather day nursery came to the rescue . . . now her children are cared for while she works.

These are just four of the people who benefit directly from the dollars you give the Community Chest. But everybody—yes, everybody—in our town benefits indirectly because the dollars you give make this community a happier, healthier, better place for all of us.

When the volunteer worker calls, won't you dig deep and give enough for all these services? Your heart will thank you.

Remember—one pledge covers many Red Feather services. Because we have a well-managed Community Chest uniting many appeals, you are called on only once a year for all of them. So when you give, GIVE ENOUGH . . . enough for ALL Red Feather services . . . enough for a FULL year.

Everybody benefits . . . Everybody gives

# Falcons Will Meet Wyomissing High on Gridiron Next Fall

West Pottsgrove High's football team will face a new opponent in Wyomissing High next fall, revealed Principal James T. Jones yesterday.

Jones announced that he has signed a two year contract with the Berks county school, calling for a game at Wyomissing in 1949 and another game at West Pottsgrove in 1950.

The West Pottsgrove High school principal said he accepted Wyomissing's offer after noting Spring City High officials that the Stowe school did not care to renew its contract which had expired this year.

West Pottsgrove grid teams have been meeting Spring City for the past five years and never won from the Pirates. Jones said that West Pottsgrove was breaking off relations with Spring City because the Chester county school has a much larger enrollment and its football teams were not in the same class as West Pottsgrove teams.

THE ENROLLMENT at Spring City High is nearly 450 students while West Pottsgrove has only 210 students.

Charles Wise, Spring City High principal, said he doesn't know who will replace West Pottsgrove on the Spring City schedule next year.

Wyomissing High officials contacted Jones a few days after they had announced that the school was dropping out of the Berks Scholastic Football conference because the enrollments in the Wyomissing schools prevented a continuance of the games.

Boyetown, Shillington, Muhlenberg Township and Wilson High of West Lanza were affected by Wyomissing's decision to quit the Berks conference.

JONES SAID he talked the matter over with Allen W. Barker, principal of Wyomissing High, and then agreed to terms. The West Pottsgrove principal inked the two-year contract the past week.

Wyomissing becomes the second Berks county school to start athletic relations with West Pottsgrove, the other being West Reading. West Reading and West Pottsgrove have been meeting on the gridiron for the past five years.

West Pottsgrove becomes the second school in the Pottstown area to join the Wyomissing schedule, the other being North Coventry. Norco and Wyomissing battled to a 14-14 deadlock just the past Saturday.

JONES SAID the West Pottsgrove and Wyomissing schools will meet in football only. Nothing was said about basketball or basketball.

The West Pottsgrove principal said Wyomissing will be the only newcomer to the Falcon grid schedule next year. Other West Pottsgrove football opponents are East Greenville, Schwenkville, Collegeville, Royersford, Pennsburg, North Coventry and Marple-Norton.

The Falcon gridgers are currently practicing for tomorrow's game with Collegeville High at West Pottsgrove Coach Bill Gonsans' protégés will be seeking their second win of the year while Collegeville is still looking for its first triumph. In four games the Falcons have failed to score one point.

Last year, league premier to win 30 or more games in a single season was Dizzy Dean who notched 30 for the St. Louis Cardinals in 1934.

## MERCER MEETS HUGE TEXAN IN WRESTLING BOUT

Reading Ace Seeks  
Revenge for Defeat in  
Armory Two Weeks Ago

READING, Oct. 28 — A return match between Reading's young ace wrestler, Marvin Mercer, and Laverne Baxter, the prize of Texas, will feature Saturday, the first wrestling program at the Reading Armory.

In their first meeting here two weeks ago, Baxter won by disqualification.

Mercer and Baxter put on a great battle here. Mercer tossed the big Texan into the ring-side spectators and refused to permit Baxter to return to the ring. That breach of etiquette caused Referee Tom Finley to award the decision to the Texan via disqualification. The end came after 30 minutes, 10 seconds of the all-out action.

MERCER, dissatisfied with the referee's decision in the first bout, notified Reading wrestling officials that under no conditions will he enter the ring Saturday night if Finley is the referee.

Chuck Garibaldi, big St. Louis Italian, makes his Reading debut Saturday in the 30-minute time limit semi-windup, exchanging holds with Dutch Schweigart, another Armory favorite from Camden, N. J.

The Mad Russians, Ivan and Joe Kamaroff, return to the Armory for their second straight team match. They will take on Milo Stemborn of Memphis, Tenn., and Kenny Ackler in the best-of-three-falls tussle. The Kamaroffs bested

## Falconettes Battle Schwenkville to Tie

West Pottsgrove's girls hockey team earned a 1-1 deadlock with Schwenkville High yesterday afternoon on the West Pottsgrove Field.

The host team went ahead in the first few minutes when Isaac DeNico broke through the Schwenkville defense to score West Pottsgrove's only goal.

But Deemphasis It Is

Inked over Carnegie Tech's 23rd straight loss on gridiron, students from the Pittsburgh institution, joined by others from the University of Pittsburgh, mass in front of the office of President Robert E. Doherty, protesting the deemphasis policy of the school. Doherty came out to talk with the students and said, "We're trying to make this institution a place where a student can get a fine professional education. Unfortunately, if you do that you can't have football to the extent that you want."

## Carnegie Tech Students Blame President for Poor Grid Teams

PITTSBURGH, Oct. 28 (AP) — President Robert E. Doherty of Carnegie Tech today stood firm on his football deemphasis policy despite the criticism of student groups.

Football Coach Bill Donahoe said one student group had sent him a letter accusing him of being the "school's consistent losing grid record."

Another group attacked the administration for its "unsympathetic and uncooperative attitude toward Tech athletics."

The unrest cooled over early this week when hundreds of students protested the football team's 23rd straight defeat. Demonstrators smeared campus walks with painted protests and hung effigies of President Doherty from trees.

THE PRESIDENT repeated in a statement today that Carnegie Tech is "above all else an educational institution."

He added: "After the requirements of the educational program have been met, only by the school and the students the demands of intercollegiate athletics will be met to the best of the abilities of all concerned."

"However, it must be understood from the outset, that if any compromise must be made, intercollegiate athletics — and not the educational program — must give away."

## PEP FAVORED OVER SADDLER IN TITLE BOUT

Featherweight Champ  
Seeks 16th Straight  
Victory This Year

NEW YORK, Oct. 28 (AP) — Willie Pep, as consistent as Clio, is a 1 to 3 favorite to whip Sandy Saddler, Jean Harlem challenger, in a 15-round defense of his world featherweight boxing championship tomorrow night at Madison Square Garden.

The bout, marking the return of boxing to the Garden after a month of wild cow milking and yippee ki-yi-ing by the rodeo clan, has been catching on at the box office. Some 12,000 fans are expected to pay \$45,000 to see this first title venture of Harry Markson, new managing director of the 26th Century Sporting club.

Neither the 26-year-old champion from Hartford, Conn., nor Saddler is expected to have any trouble making the 125-pound class limit. Born will weigh in at noon tomorrow at the offices of the New York State Athletic commission. Pep was 126 when he finished work and Saddler 126.

DESPITE the heavy odds on Pep, there is strong support for the suffraging Saddler who has been coming on fast in the last two years. Pep has been accused of ducking Sandy, a tall trim operator with reach and height in his favor. He's 5 ft. 8 ins. to 5 ft. 5 1/2, for Pep.

The Saddler boosters point to his superior hitting power as attested by his record of 63 knockouts in 93 fights. However he has been beaten six times, once the past June 30 by Chico Rosa in a disputed split decision at Honolulu. Another loss, this in 1947, was to Humberto Sierra, the capable Cuban who was stopped by Pep at Miami the past February.

It's a matter of record that Saddler never has fought a main go in the Garden. He never has been in there with a skilled boxer like Pep who is the public's pick over the 15 round route.

Bea only once in 136 fights, Pep has reeled off 15 straight victories in 1948. He is rated with the best in the history of his class along with Ace Attell, Johnny Kilbane and Johnny Dundee and has been one of the oustest of all boxers since he started his pro career in 1940.

## Cooper's Bad Checks Are Paid by Breadon

ST. LOUIS, Oct. 28 (AP) — Mort Cooper appeared in the court of criminal correction today for dismissal of two warrants charging him with issuing worthless checks and said "I have learned my lesson and I intend to settle down."

Judge Louis Comerford dismissed the charges against the former pitcher of the New York Giants, Boston Braves and St. Louis Cardinals after Sam Breadon, former owner of the Cardinals, paid \$21 in court costs.

Prosecuting Attorney William C. Lochmoller said Breadon also made good two checks of \$50 each Cooper was accused of passing at a hotel here and that Breadon also gave him \$130 to be forwarded to authorities in Springfield, Mo., to cover a check issued there.

## Bearden and Dark Selected Outstanding Rookies of 1948

NEW YORK, Oct. 28 (AP) — Gene Bearden, the tall southpaw of the Cleveland Indians, was voted today the American league's rookie of the year.

The cool 28-year-old knuckleball artist who hurled the Tribe to the American league pennant in the epic playoff game with Boston at Fenway park, thus joined up with shortstop Alvin Dark of the Boston Braves as the froth standouts of their respective circuits.

Both received the accolade in an Associated Press poll of 220 baseball writers throughout the country. While Dark had an easy time of it, beating out Richie Ashburn, 160 votes to 57 for the Philadelphia Phillies outfielder, Bearden had strenuous competition from the Red Sox's Billy Goodman.

It was close right down to the last vote. Bearden was named on 90 ballots to 88 for the Sox young first baseman. In all, 11 players were given support for the American league's top rookie, in sharp contrast to the National league balloting which contained only five names.

THIRD PLACE in the junior circuit's balloting went to Lou Brissie, southpaw pitcher of the Philadelphia Athletics. The war hero drew 15 votes to 12 for Satchell Paige, the ageless Negro righthander of the Indians.

No other player received more than four votes. They were scattered as follows: Bob Fisterfield, a New York Yankee pitcher, 4; Mel Parnell, Red Sox southpaw, 3; George Vice, De-

troit first baseman, Larry Doby, Cleveland outfielder, and Johnny Lipeau, Tiger shortstop, 2 each; and first baseman Hank Aft and pitcher Ned Garver, both of the St. Louis Browns, 1 apiece.

Doby was not listed among the eligible for rookie honors since he played in sufficient amount of games in 1947. That undoubtedly was the reason for his low total. The poll was completed before the start of the World Series in which Bearden played such a prominent role, winning a shutout game and saving another with expert relief hurling.

Only others besides Dark and Ashburn to receive support in the National league vote were pitcher Robin Roberts and outfielder Johnny Blatnik of the Phils and outfielder Blank Sauer of the Cincinnati Reds. Each received just one vote.

The six teams in the National Hockey league will play 60 games apiece during the 1948-49 season.

## Citation Runs Alone Today For \$10,000 in Pimlico Race

BALTIMORE, Oct. 28 (AP).—They closed the entry box for the Pimlico special today and, as expected, the name of only one horse was in it—Citation.

The Calumet farm flyer is going to breeze around a mile and three-sixteenths of Pimlico race track tomorrow afternoon, all by himself and Jockey Eddie Arcaro. Not another nag in the nation wants any part of it.

When Citation gets back to the finish line, the Maryland Jockey club will have \$10,000 waiting. It is the easiest ten grand Calumet ever picked up—with one exception. The same thing happened when Whirlaway had a \$10,000 walkover in the 1942 special.

PIMLICO management has underlined the "no contest" verdict by making the special an extra event. Citation will do his joggling between the fifth and sixth races on tomorrow's program and another run has been added to make it a full eight-race card.

"I think it's a stand-out climax to a big year for a great horse," said Trainer Jimmy Jones.

"The fact that he has spread-eagled all his opponents and comes up to a race designed to determine the championship of the season and nobody wants to meet him is a fine tribute to his greatness."

HE HAS EARNED for owner Warren Wright a grand total of \$829,250 in his two years of racing, \$664,570 of this season alone in a record-shattering performance. Only Symie, with \$911,335, is above him in the list of top money-winning horses of the world.

Strangely, Symie had the last walk-over in this country—the Saratoga Cup in 1946. That was the second richest walk-over, worth \$6125.

A score of other horses were eligible for the Pimlico special, having won certain designated races. All got handsome engraved invitations, but all graciously declined. Citation had beaten most of them one or more times.

## Weiss Denies Reports Of Selling Niarhos

NEW YORK, Oct. 28 (AP)—George M. Weiss, general manager of the New York Yankees today denied that he had ever offered catcher Gus Niarhos to the Pittsburgh Pirates.

Refuting Pirate Manager Bill Meyer's statement from Knoxville yesterday that "the Yankees agreed to sell us Niarhos for \$100,000, but couldn't see him waived out of the league," Weiss said: "Niarhos at no time was for sale, nor is he now. I do not recollect ever putting him up for sale. We are out to buy, not sell players. Besides, we regard Niarhos very highly. He is our number one receiver."

## Maria Assunta AC At Full Strength For Shamrock Foe

Maria Assunta AC will be at full strength for its game with the Pottstown Shamrocks Sunday afternoon, Coach Earl R. Strange revealed last night.

Strange said he expects to have every man on the squad available for the game. About five Maria Assunta players have been out of action with injuries. But Strange said last night that the doctor's reports on those players are very favorable and all five players may get to see some action Sunday.

NONE OF THE players who were nursing injuries will start, but they can expect to see plenty of action, Strange said.

The Maria Assunta team will be shooting for its sixth consecutive win Sunday afternoon. The Shamrocks of Philadelphia hold the only victory over the local gridders.

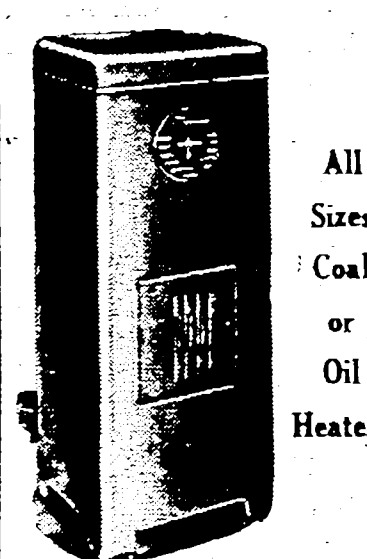

Strange is working the Maria Assunta graders harder than ever this week, stressing offensive and defensive tactics. The Maria Assunta team practices on Haiston field and plays all its home games on the West Pottsgrove High field.

The Shamrocks will be seeking their third win of the season Sunday and their first win over Maria Assunta in two years. The Shamrocks dropped two games to their local opponents a year ago and are hoping to end this losing streak. Coach Bill Rhoads said last night that the entire Shamrock team will be rarin' to go come Sunday afternoon. Rhoads said all the players are in good physical condition.

## CUBS PLAY HOST TO BRIDGEPORT GRIDDEES TODAY

Kauler's Proteges Seek Second Win of Season; Game Starts at 3:15

The Golden Cubs of Pottstown Junior High, in quest of their second win of the campaign, play host to Bridgeport Junior High this afternoon on Franklin field.

The kickoff of today's grid tussle is scheduled for 3:15 o'clock.

Only one game, with Ardmore Junior High, remains on the Cubs' schedule after today's tussle. Ardmore comes to Pottstown next week to close the season.

THE CUBS are looking for two victories in the closing games to even their record at three wins and three losses. The record now stands at only one triumph and three setbacks and the Cubs are pointing for a 500 percentage mark.

Coach Gene Kauler's proteges finished practice last night with a very light workout after scrimmaging earlier in the week. The Cubs scrimmaged against the Pottstown Junior varsity Tuesday afternoon to improve their offensive attack.

Kauler said last night that he will make no changes in his starting lineup for today's game. Mike Krizky and Frank Harrison will hold down the wing positions and Don Grim and George Cizek will be posted at the tackle spots. Merrill Renninger and Dave Suchoza will handle the guard duties and Dick Weiser will be the pivot man. The backfield will consist of Dave Ricketts, Bob Kulp, John Harvey and Stan Chaplin.

## Willie White Wins 6th Consecutive Fight

Willie White, local middleweight, recorded his sixth consecutive ring victory last night as he pounded out a unanimous three-round decision over Joe Izzi, Philadelphia, at the Norristown LAM.

Izzi is a member of the U. S. Naval Reserve boxing team in Philadelphia. Write nearly registered a knock-out in the second round as he backed Izzi against the ropes, but the Pottstown Negro injured the thumb on his right hand and took it easy the rest of the way to win handily.

The ringside physician examined White's thumb and said he had bruised a tendon. He said White will be able to fight in Lancaster Monday night in another amateur show.

## BRAVES RELEASE M'CORMICK AND ERNIE WHITE

Both Players Offered Jobs Elsewhere in Boston Organization

BOSTON, Oct. 28 (AP)—The unconditional release of first baseman Frank "Buck" McCormick and right-hand pitcher Ernie White were announced tonight by General Manager John Quinn of the Boston Braves.

Since all other major league clubs have waived on them, they now become free agents. Quinn said each has been offered a job elsewhere in the Braves organization.

McCormick, mainly used against southpaw pitching while Manager Billy Southworth was leading the Tribesmen to the National league pennant, appeared in 75 games during the past season. He totaled 15 hits and drove in 30 runs while batting .256. He saw previous World Series service with the Cincinnati Reds in 1929-30.

White was purchased from the St. Louis Cardinals after he was released from military service in 1946. During his first season with the Braves, he appeared in 12 games as a relief pitcher and was charged with one defeat. He was a player-coach during the 1947 season and the past Spring, when his ailing arm appeared on the mend, was returned to the active list.

White, highly promising as a Cardinal finger, continued handicapped by his ailment this year and saw very little action, losing two games in relief roles.

## Commissioner Bell Satisfied With Gate Receipts in NFL

PHILADELPHIA, Oct. 28 (AP)—said he wasn't paying any attention to attendance figures on the basis of the number of people in the park.

The figures, Bell said, show total gate receipts of \$1,800,000 for the first 26 games. The commissioner admitted the total is "a little less than three percent below the same 26 games in 1947—but close enough that this Sunday or any other Sunday we could pick up and go ahead of the 1947 total."

Bell said he was talking money "just to knock down some of these wild reports that the National football league is a losing proposition." He didn't say so specifically but it was obvious he had in mind some recent blazes from the rival All-America conference.

ONLY THE PAST MONDAY Admiral Jonas Ingram, Bell's counterpart in the AACC, endorsed statements that "some clubs" can't survive unless the AAC and NFL get together on such matters as a common-player draft and coordination of schedules.

But talking to reporters today at the weekly luncheon of the NFL's Philadelphia Eagles, Bell snuffed at any inference of weakness on the part of the NFL or retreat from its long-standing position of refusing to recognize the AAC.

Bell, who has an intimate recollection of what is important to a football franchise owner—"was an owner once myself," he recalls—

## Bissonette Appointed New Toronto Boss

PHILADELPHIA, Oct. 28 (AP)—Del Bissonette, one of the all-time Brooklyn greats and manager of the Boston Braves for a brief period, today was named manager of the Toronto Maple Leafs of the International Baseball league.

Bissonette, 43, of French-Canadian descent was named by the Philadelphia Phillies, Toronto's parent club, to replace Dick Porter, who resigned earlier in the week.

The former Brooklyn first baseman is an experienced minor league manager and moves up in the Philadelphia farm system from leadership of the Portland, Me., club in the Class B New England league.

### Agriculture Pupils At Norco Start Work On New Building

Agriculture students at North Coventry High school took the first step toward providing instructional facilities for themselves yesterday when they broke ground for a new agriculture building at the school.

The new structure is situated on the north side of the high school building. It will be 30 feet wide, 80 feet long and will provide space for one classroom and a farm repair shop.

Neal Butner, agriculture instructor, said yesterday the shop would provide facilities to teach students farm machinery repair and such allied skills as welding and machine work.

Approximately \$2500 has been contributed toward the building fund by residents of North Coventry township. Present plans call for the construction of a cement block building which may be faced with brick when more funds become available.

TO CUT DOWN costs and to learn while they work, 22 agriculture students are doing a large part of the work. Work details have been going out each afternoon to fell trees. The work will be seasonal and will be used in the construction of the building.

Yesterday, aided by a bulldozer the boys dug out the ground for the footings. Butner said only the footings would be built before the cold weather. The walls will be put up in the Spring by professional builders, he added.

Complimenting his boys on their willingness to work, Butner
